## HOUSE RESOLUTION

**House Resolution No. 897** was taken up by Representative Portwood and read.

### HOUSE RESOLUTION NO. 897

Whereas, it was with sad and heavy hearts that the members of the Missouri House of Representatives learned of the death of Lieutenant Terri Fussner, United States Navy, on March 12, 2002, while on active duty; and

Whereas, stationed as a helicopter pilot aboard the destroyer U.S.S. Hayler, Lieutenant Fussner lost her life one day short of her twenty-eighth birthday when her SH-60B Seahawk crashed ten minutes after takeoff eighty miles west of Greece in the Mediterranean Sea while on a routine maintenance check flight; and

Whereas, a native of Ballwin, Lieutenant Fussner was an alumna of the United States Naval Academy in Annapolis, Maryland; and

Whereas, an excellent athlete who ran marathons and triathlons as an adult, Terri Fussner graduated from Parkway South High School in 1992 in the Top Ten Percent of her class; and

Whereas, during her high school years, Terri Fussner maintained an "A" average in her courses; participated in track, swimming, and cheerleading; was a member of the 1991-1992 state championship cheerleading squad; earned placement on the All-State swimming team as a junior and the All-Conference District track team as a sophomore; and enjoyed induction into National Honor Society and election as her senior year Prom Queen; and

Whereas, the late Lieutenant Fussner is survived by her parents, Joyce and Don Fussner of Manchester, and her husband of four years, Lieutenant Garrett Luebker, United States Navy; and

Whereas, Lieutenant Terri Fussner's military service will be commemorated on March 25, 2002, at a ceremony at the Naval Academy, where a headstone will be placed in her honor:

Now, therefore, be it resolved that we, the members of the Missouri House of Representatives, Ninety-first General Assembly, join unanimously to salute the late Lieutenant Terri Fussner; to memorialize her patriotism, life, and work; and to convey to all of her family members, colleagues, and friends this legislative body's most heartfelt condolences at the passing of her considerable warmth and light from their daily lives; and

HOUSE CONCURRENT RESOLUTION NO. 28

Whereas, sustained investment in electric, natural gas, water, sewer, and heating utility infrastructure is vital to the economic vitality and well-being of the State of Missouri; and

Whereas, Missouri electric, natural gas, water, sewer, and heating utility companies compete with utility companies in other states for the capital necessary to sustain investment in utility infrastructure in Missouri; and

Whereas, Missouri electric, natural gas, water, sewer, and heating utility companies must achieve reasonable rates of return as compared to the rates of return achieved by utility companies in other states to ensure sustained investment in utility infrastructure in Missouri; and

Whereas, the utility regulatory process is a primary factor in determining the rate of return levels regulated electric, natural gas, water, sewer, and heating utility companies may achieve; and

Whereas, the utility regulatory process in Missouri, as it applies to electric, natural gas, water, sewer, and heating corporations, is governed primarily by Chapter 393, RSMo, which is largely unchanged since original enactment in 1913; and

Whereas, the potential for the deregulation of utilities in Missouri has received substantial legislative study in recent years, while the ongoing utility regulatory process and procedure has not enjoyed broad legislative evaluation; and

Whereas, the utility regulatory process must be periodically evaluated so as to promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies, by addressing policy and practice advances in areas including, but not limited to, nontraditional regulatory rate plans, performance-based regulatory rate plans, incentive regulatory rate plans, capital recovery schedules, consistency of utility regulatory policy with generally accepted accounting principles, consistency of utility regulatory policy with financial accounting standards, consistency of utility regulatory policy with generally accepted engineering principles, communication between and among participants in the regulatory process, time schedules for the initiation and conclusion of proceedings before utility regulatory agencies, the role, function and needs of the Public Service Commission, the role, function and needs of the Office of Public Counsel, and the overall structure and cost of governmental utility regulatory agencies and the utility regulatory process:

Now, therefore, be it resolved by the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, that a "Joint Legislative Committee on Utility Regulation and Infrastructure Investment" be created to be composed of five members of the Senate, to be appointed by the President Pro Tem of the Senate, and five members of the house of Representatives, to be appointed by the Speaker of the House of Representatives, and that the committee be authorized throughout the Ninety-first General Assembly; and

Be it further resolved that the committee conduct in-depth studies and make appropriate recommendations concerning: how the utility regulatory process and the results thereof in Missouri in regard to electric, natural gas, water, sewer, and heating utility companies compare to the utility regulatory process and the results thereof in other states; and how the utility regulatory process in Missouri in regard to electric, natural gas, water, sewer, and heating utility companies can, or should, be modernized to be more efficient and effective, ensure sustained investment in utility infrastructure, and promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies; and

Be it further resolved that the committee present a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the First Regular Session of the Ninety-second General Assembly; and

Be it further resolved that the committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Office of the Public Counsel, political subdivisions of this state, energy utilities, water utilities, heating corporations and representatives of energy and water customer groups; and

Be it further resolved that House Research, the Committee on Legislative Research, and Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

Be it further resolved that the actual and necessary expenses of the committee, its members, and any staff personnel assigned to the committee incurred in attending meetings of the committee or any subcommittee thereof shall be paid from the Joint Contingent Fund.

Mr. Speaker: Your Committee on Utilities Regulation, to which was referred **HJR 47**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

FIFTY-FOURTH DAY, WEDNESDAY, APRIL 17, 2002

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God, help us to see that the pace at which we live makes our living difficult. We go so fast that we miss Your “still small voice” that sounds in mind and soul. Bless the men and women of the House. Give to them a passion for the principles of excellence, protect them from politics expedient.

Help them make these moments of service to Missouri count, and reveal to them Your truth for this day. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Tyler Cukar, Phillip Raine, Melissa Guevara, Alex Ramirez, Daniel Green, Andrew Adrian, Andrea Lehman, Valerie Kelsey, Joshua Golliver, Rebecca Gordon, Russ Kohl, Nicole Survant, Lindsay Heitisimer, Casey Fitzgerald, Dzenan Kahrimanovic, Emmanuel Porter, Mark Buhrmester, Kaitlin Boyd, Meredith Starrs, Mike Newton, Alex Linan, McKinna Allen, Kelsey Allen, Aaron Turner, Sydney Turner, Stefannie Cundiff and Aaron Porter.

The school board of any district, after notice to parents or others having custodial care and a hearing upon charges preferred, may suspend or expel a pupil for conduct which is prejudicial to good order and discipline in the schools or which tends to impair the morale or good conduct of the pupils. In addition to the authority granted in section 167.171, a school board may authorize, by general rule, the immediate removal of a pupil upon a finding by the principal, superintendent, or school board that the pupil poses a threat of harm to such pupil or others,

as evidenced by the prior conduct of such pupil. Prior disciplinary actions shall not be used as the sole basis for removal, suspension or expulsion of a pupil. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. At the hearing upon any such removal, suspension or expulsion, the board shall consider the evidence and statements that the parties present and may consider records of past disciplinary actions, criminal court records or juvenile court records consistent with other provisions of the law, or the actions of the pupil which would constitute a criminal offense. The board may provide by general rule not inconsistent with this section for the procedure and conduct of such hearings. After meeting with the superintendent or his designee to discuss the expulsion, the parent, custodian or the student, if at least eighteen years of age, may, in writing, waive any right to a hearing before the board of education.

2. The school board of any district, after notice to parents or others having custodial care and a hearing upon the matter, may suspend a pupil upon a finding that [the pupil has been charged, convicted or pled guilty in a court of general jurisdiction for the commission of a]:

- (1) **Such pupil has been convicted of a felony criminal violation of state or federal law; or**

The board may provide for the procedure and conduct of such hearings.

3. The school board shall make a good-faith effort to have the parents or others having custodial care present at any such hearing. Notwithstanding any other provision of law to the contrary, student discipline hearings or proceedings related to the rights of students to attend school or to receive academic credit shall not be required to comply with the requirements applicable to contested case hearings as provided in chapter 536, RSMo, provided that appropriate due process procedures shall be observed which shall include the right for a trial de novo by the circuit court."; and

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

FIFTY-FIFTH DAY, THURSDAY, APRIL 18, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

Almighty God, we seek Your guidance at the beginning of this day. Make plan, we pray, the first steps of the day. Each man and woman of this House has enough:

Enough to do, enough meetings to attend,  
enough on the calendar, enough promises to keep,  
enough to worry about...

Bless them this day with enough patience, enough wisdom, enough confidence in their best ideas, enough compassion and enough faith in You their God to guide and sustain them. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Allison Wolz, Josh Meyer, Farrah Malik, Nathan Berry, T.J. Gardner, Gabe Gardner, Stefannie Cundiff, Aaron Porter, Jon Hall, Brandy Hurt, Aaron Coy, Morgan Wall, Adam Jackson, Savannah Jackson and Gage Jarrett.

The Journal of the fifty-fourth day was approved as corrected.

### *House Amendment No. 1*

AMEND House Committee Substitute for House Bill No. 1695 by inserting at the appropriate location the following section:

**"376.1253. 1. Each physician attending any patient with a newly diagnosed cancer shall provide the patient with a timely referral to an appropriate specialist within the provider network for a second opinion regarding the treatment of the patient's type of cancer. If no appropriate specialist is in the provider network, a referral shall be made to a nonnetwork specialist in accordance with this section.**

**2. Each health carrier or health benefit plan, as defined in section 376.1350, that offers or issues health benefit plans which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2003, shall provide coverage for a second opinion rendered by an appropriate medical specialist when a patient with a newly diagnosed cancer is referred to such specialist by his or her attending physician. Such coverage shall be subject to the same deductible and coinsurance conditions applied to other specialist referrals and all other terms and conditions applicable to other benefits.**

**3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months or less duration, or any other supplemental policy as determined by the director of the department of insurance."; and**

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Barry, **House Amendment No. 1** was adopted.

Representative Monaco offered **House Amendment No. 2**.

### *House Amendment No. 2*

AMEND House Committee Substitute for House Bill No. 1695 by inserting at the appropriate location the following section:

**"376.429. 1. All health benefit plans, as defined in section 376.1350, that are delivered, issued for delivery, continued or renewed on or after August 28, 2002, and providing coverage to any resident of this state shall provide coverage for routine patient care costs as defined in subsection 7 of this section incurred as the result of phase II, III, or IV of a clinical trial that is approved by an entity listed in subsection 4 of this section and is undertaken for the purposes of the prevention, early detection, or treatment of cancer.**

**2. In the case of treatment under a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives.**

**3. Coverage required by this section shall include coverage for routine patient care costs incurred for drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, including coverage for reasonable and medically necessary services needed to administer the drug or use the device under evaluation in the clinical trial.**

**4. Subsections 1 and 2 of this section requiring coverage for routine patient care costs shall apply to**

- (3) The FDA in the form of an investigational new drug application;
- (4) The federal Departments of Veterans' Affairs or Defense;

- (6) A qualified research entity that meets the criteria for NIH Center support grant eligibility.

5. An entity seeking coverage for treatment, prevention, or early detection in a clinical trial approved by an institutional review board under subdivision (5) of subsection 4 of this section shall maintain and post electronically a list of the clinical trials meeting the requirements of subsections 2 and 3 of this section. This list shall include: the phase for which the clinical trial is approved; the entity approving the trial; whether the trial is for the treatment of cancer or other serious or life threatening disease, and if not cancer, the particular disease; and the number of participants in the trial. If the electronic posting is not practical, the entity seeking coverage shall periodically provide payers and providers in the state with a written list of trials providing the information required in this section.

6. As used in this section, the following terms shall mean:

(1) "Cooperative group", a formal network of facilities that collaborate on research projects and have an established NIH-approved Peer Review Program operating within the group, including the NCI Clinical Cooperative Group and the NCI Community Clinical Oncology Program;

(2) "Multiple project assurance contract", a contract between an institution and the federal Department of Health and Human Services (DHHS) that defines the relationship of the institution to the DHHS and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects;

(3) "Routine patient care costs", shall include coverage for reasonable and medically necessary services needed to administer the drug or device under evaluation in the clinical trial. Routine patient care costs include all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- (a) The investigational item or service itself;
- (b) Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- (c) Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

7. For the purpose of this section, providers participating in clinical trials shall obtain a patient's informed consent for participation on the clinical trial in a manner that is consistent with current legal and ethical standards. Such documents shall be made available to the health insurer upon request.

3. The coverage provided by this section shall include coverage for replacement hearing aids for the child at least once every three years.

An insured or enrollee who selects a hearing aid that costs more than the benefit payable pursuant to this section may pay the difference between the price of the hearing aid and the benefit payable without financial or contractual penalty to the provider of the hearing aid.

5. Nothing in this section shall prohibit a health insurer or health benefit plan from providing coverage that is greater than or more favorable to enrollees than the coverage provided by this section.

6. The health care service required by this section shall not be subject to a deductible or co-payment that exceeds twenty percent of the actual covered service costs. No health insurer or health benefit plan subject to this section shall request or require hearing acuity information from or about persons applying for coverage.

7. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months or less duration, or any other supplemental policy as determined by the director of the department of insurance.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

FIFTY-SIXTH DAY, MONDAY, APRIL 22, 2002

Speaker Kreider in the Chair.

Prayer by Father David Buescher.

God of all politics, but even more, God of people, be with us today. For some representatives, the final four weeks of this session will make an end to this chapter of their career. Surely and understandably they now prepare to move on to new and different life tasks. Others here in this room feel caught with only one month of this session left.

There is so much to decide, to do, and so little time. Some may just be tired of the struggles that this session has brought onto this floor, into hearing rooms, in contacts with constituents. All have joys and problems of family and friends with which to be concerned.

Here is certainly a mixed bag of thoughts and emotions, God. May the crooked lines of life seem a little straighter, the confusing, perhaps overwhelming emotions seem a bit more placid, as we here have at least paused within the storm and put ourselves in Your caring and compassionate presence. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Garrett Elder, Zachary Koch, Jake Henke, Trey Kalbaugh, Kyler Kalbaugh, Molly Anderson, Mary Theresa Liese and Sarah Michelle Liese.

The Journal of the fifty-fifth day was approved as corrected.

### **HOUSE CONCURRENT RESOLUTION NO. 4**

Whereas, on April 24, 1915, three hundred Armenian leaders, writers, thinkers and professionals and five thousand of the poorest Armenians in Constantinople were rounded up and killed in the streets and in their homes by the Young Turk government of the Ottoman Empire; and

Whereas, from 1915 to 1923 nearly one and a half million Armenian men, women, and children out of a total of two and a half million Armenians in the Ottoman Empire were systematically sent to concentration camps, tortured and murdered by the Turks; and

Whereas, the United States was the first country to recognize the Armenian Genocide and raise millions of dollars to aid the victims of the Genocide; and

Whereas, most Armenians in the United States are children or grandchildren of the survivors of the Armenian Genocide; and

Whereas, by remembering and forcefully condemning the atrocities committed against the Armenians and honoring the survivors, as well as other victims of similar heinous conduct, we guard against repetition of such acts of genocide; and

Whereas, April 24 is the date on which Armenians around the world commemorate the Genocide in recognition of the day in 1915 when over five thousand Armenians were killed in Constantinople by the Turkish Ottoman Empire:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, hereby declare April 24th to be a "Day of Remembrance of the Armenian Genocide"; and

Be it further resolved that all Missourians be encouraged to observe the day in a manner that honors the survivors and brings to mind the meaning and historical significance of the Armenian Genocide

If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family.

Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed [two] **four** hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the division."; and

### *House Amendment No. 19*

AMEND House Substitute for House Committee Substitute for House Bill Nos. 1577, 1760, 1433, 1430, 1029 & 1700, by inserting in the appropriate location the following:

“167.161. 1. The school board of any district, after notice to parents or others having custodial care and a hearing upon charges preferred, may suspend or expel a pupil for conduct which is prejudicial to good order and discipline in the schools or which tends to impair the morale or good conduct of the pupils. In addition to the authority granted in section 167.171, a school board may authorize, by general rule, the immediate removal of a pupil upon a finding by the principal, superintendent, or school board that the pupil poses a threat of harm to such pupil or others, as evidenced by the prior conduct of such pupil. Prior disciplinary actions shall not be used as the sole basis for removal, suspension or expulsion of a pupil. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. At the hearing upon any such removal, suspension or expulsion, the board shall consider the evidence and statements that the parties present and may consider records of past disciplinary actions, criminal court records or juvenile court records consistent with other provisions of the law, or the actions of the pupil which would constitute a criminal offense. The board may provide by general rule not inconsistent with this section for the procedure and conduct of such hearings. After meeting with the superintendent or his designee to discuss the expulsion, the parent, custodian or the student, if at least eighteen years of age, may, in writing, waive any right to a hearing before the board of education.

2. The school board of any district, after notice to parents or others having custodial care and a hearing upon the matter, may suspend a pupil upon a finding that [the pupil has been charged, convicted or pled guilty in a court of general jurisdiction for the commission of a]:

- (1) **Such pupil has been convicted of a felony criminal violation of state or federal law; or**
- (2) **An indictment or information has been filed alleging that the pupil has committed a felony criminal violation of state or federal law to which there has been no final judgment; or**
- (3) **A petition has been filed pursuant to section 211.091, RSMo, alleging that the pupil has committed an act which if committed by an adult would be a felony criminal violation of state or federal law to which there has been no final judgment; or**

(4) **The pupil has been adjudicated to have committed an act which if committed by an adult would be a felony criminal violation of state or federal law.** At a hearing required by this subsection, the board shall consider statements that the parties present. The board may provide for the procedure and conduct of such hearings.

3. The school board shall make a good-faith effort to have the parents or others having custodial care present at any such hearing. Notwithstanding any other provision of law to the contrary, student discipline hearings or proceedings related to the rights of students to attend school or to receive academic credit shall not be required to comply with the requirements applicable to contested case hearings as provided in chapter 536, RSMo, provided that appropriate due process procedures shall be observed which shall include the right for a trial de novo by the circuit court.

167.171. 1. The school board in any district, by general rule and for the causes provided in section 167.161, may authorize the summary suspension of pupils by principals of schools for a period not to exceed ten school days and by the superintendent of schools for a period not to exceed one hundred and eighty school days. In case of a suspension by the superintendent for more than ten school days, the pupil, the pupil's parents or others having such pupil's custodial

care may appeal the decision of the superintendent to the board or to a committee of board members appointed by the president of the board which shall have full authority to act in lieu of the board. Any suspension by a principal shall be immediately reported to the superintendent who may revoke the suspension at any time. In event of an appeal to the board, the superintendent shall promptly transmit to it a full report in writing of the facts relating to the suspension, the action taken by the superintendent and the reasons therefor and the board, upon request, shall grant a hearing to the appealing party to be conducted as provided in section 167.161.

2. No pupil shall be suspended unless:

- (1) The pupil shall be given oral or written notice of the charges against such pupil;
- (2) If the pupil denies the charges, such pupil shall be given an oral or written explanation of the facts which form the basis of the proposed suspension;
- (3) The pupil shall be given an opportunity to present such pupil's version of the incident; and
- (4) In the event of a suspension for more than ten school days, where the pupil gives notice that such pupil wishes to appeal the suspension to the board, the suspension shall be stayed until the board renders its decision, unless in the judgment of the superintendent of schools, or of the district superintendent, the pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, in which case the pupil may be immediately removed from school, and the notice and hearing shall follow as soon as practicable.

3. No school board shall readmit or enroll a pupil properly suspended for more than ten consecutive school days for an act of school violence as defined in subsection 2 of section 160.261, RSMo, regardless of whether or not such act was committed at a public school or at a private school in this state, provided that such act shall have resulted in the suspension or expulsion of such pupil in the case of a private school, or otherwise permit such pupil to attend school without first holding a conference to review the conduct that resulted in the expulsion or suspension and any remedial actions needed to prevent any future occurrences of such or related conduct. The conference shall include the appropriate school officials including any teacher employed in that school or district directly involved with the conduct that resulted in the suspension or expulsion, the pupil, the parent or guardian of the pupil or any agency having legal jurisdiction, care, custody or control of the pupil. The school board shall notify in writing the parents or guardians and all other parties of the time, place, and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. Notwithstanding any provision of this subsection to the contrary, no pupil shall be readmitted or enrolled to a regular program of instruction if:

- (1) Such pupil has been convicted of; or
- (2) An indictment or information has been filed alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or
- (3) A petition has been filed pursuant to section 211.091, RSMo, alleging that the pupil has committed one of the acts enumerated in subdivision (4) of this subsection to which there has been no final judgment; or
- (4) The pupil has been adjudicated to have committed an act which if committed by an adult would be one of the following:
  - (a) First degree murder [under] **pursuant to** section 565.020, RSMo;
  - (b) Second degree murder [under] **pursuant to** section 565.021, RSMo;
  - (c) First degree assault [under] **pursuant to** section 565.050, RSMo;
  - (d) [Forcible rape under section 566.030, RSMo] **Any felony offense established pursuant to chapter 566 or 567, RSMo;**
  - (e) [Forcible sodomy under section 566.060, RSMo;
  - (f) Robbery in the first degree [under] **pursuant to** section 569.020, RSMo;
  - (g) [f] Distribution of drugs to a minor [under] **pursuant to** section 195.212, RSMo;
  - (h) [g] Arson in the first degree [under] **pursuant to** section 569.040, RSMo;
  - (i) [h] Kidnapping, when classified as a class A felony [under] **pursuant to** section 565.110, RSMo.

Nothing in this subsection shall prohibit the readmittance or enrollment of any pupil if a petition has been dismissed, or when a pupil has been acquitted or adjudicated not to have committed any of the above acts. This subsection shall not apply to a student with a disability, as identified under state eligibility criteria, who is convicted or adjudicated guilty as a result of an action related to the student's disability. Nothing in this subsection shall be construed to prohibit a school district which provides an alternative education program from enrolling a pupil in an alternative education program if the district determines such enrollment is appropriate.

4. If a pupil is attempting to enroll in a school district during a suspension or expulsion from another in-state or out-of-state school district including a private, charter or parochial school or school district, a conference with the

superintendent or the superintendent's designee may be held at the request of the parent, court-appointed legal guardian, someone acting as a parent as defined by rule in the case of a special education student, or the pupil to consider if the conduct of the pupil would have resulted in a suspension or expulsion in the district in which the pupil is enrolling. Upon a determination by the superintendent or the superintendent's designee that such conduct would have resulted in a suspension or expulsion in the district in which the pupil is enrolling or attempting to enroll, the school district may make such suspension or expulsion from another school or district effective in the district in which the pupil is enrolling or attempting to enroll. Upon a determination by the superintendent or the superintendent's designee that such conduct would not have resulted in a suspension or expulsion in the district in which the student is enrolling or attempting to enroll, the school district shall not make such suspension or expulsion effective in its district in which the student is enrolling or attempting to enroll.”; and

AMEND House Substitute for House Committee Substitute for House Bill Nos. 1577, 1760, 1433, 1430, 1029 & 1700, by inserting in the appropriate location the following:

- “217.720. 1. At any time during release on parole or conditional release the board may issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. The warrant shall authorize any law enforcement officer to return the offender to the actual custody of the correctional center from which the offender was released, or to any other suitable facility designated by the board. If any parole or probation officer has probable cause to believe that such offender has violated a condition of parole or conditional release, the probation

or parole officer may issue a warrant for the arrest of the offender. The probation or parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation and contain the statement that the offender has, in the judgment of the probation or parole officer, violated conditions of parole or conditional release. The warrant delivered with the offender by the arresting officer to the official in charge of any facility designated by the board to which the offender is brought shall be sufficient legal authority for detaining the offender. After the arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation. Pending hearing as hereinafter provided, upon any charge of violation, the offender shall remain in custody or incarcerated without consideration of bail. **In the event the offender is placed in the custody of any jail or medium security institution operated by a county or city not within a county, such offender shall be transferred as soon as possible, and in any event no later than ten days following arrest, to the custody of the Missouri Department of Corrections. Any county or city not within a county that had temporary custody of such an offender shall be reimbursed by the state in such amounts and in such manner as provided in section 221.105.1, RSMo, for the period in which it had custody of said offender prior to transfer. Any such offender shall remain in the custody of the Missouri Department of Corrections except on those days when court appearances are required, and any jail or medium security institution operated by any county or city not within a county accepting custody of such offender on such days shall be reimbursed by the state in such amounts and in such manner as provided in section 221.105.1, RSMo.**

2. If the offender is arrested under the authority granted in subsection 1 of this section, the offender shall have the right to a preliminary hearing on the violation charged unless the offender waives such hearing. Upon such arrest and detention, the parole or probation officer shall immediately notify the board and shall submit in writing a report showing in what manner the offender has violated the conditions of his parole or conditional release. The board shall order the offender discharged from such facility, require as a condition of parole or conditional release the placement of the offender in a treatment center operated by the department of corrections, or shall cause the offender to be brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. **Any such hearing shall be held no later than 45 days following the date of arrest.** If the violation is established and found, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit. If no violation is established and found, then the parole or conditional release shall continue. If at any time during release on parole or conditional release the offender is arrested for a crime which later leads to conviction, and sentence is then served outside the Missouri department of corrections, the board shall determine what part, if any, of the time from the date of arrest until completion of the sentence imposed is counted as time served under the sentence from which the offender was paroled or conditionally released.

3. An offender for whose return a warrant has been issued by the board shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice. If it shall appear that the offender has violated the provisions and conditions of his parole or conditional release, the board shall determine whether the time from the issuing date of the warrant to the date of his arrest on the warrant, or continuance on parole or conditional release shall be counted as time served under the sentence. In all other cases, time served on parole or conditional release shall be counted as time served under the sentence.

4. At any time during parole or probation, the board may issue a warrant for the arrest of any person from another jurisdiction, the visitation and supervision of whom the board has undertaken pursuant to the provisions of the interstate compact for the supervision of parolees and probationers authorized in section 217.810, for violation of any of the conditions of release, or a notice to appear to answer a charge of violation. The notice shall be served personally upon the person. The warrant shall authorize any law enforcement officer to return the offender to any suitable detention facility designated by the board. Any parole or probation officer may arrest such person without a warrant, or may deputize any other officer with power of arrest to do so by issuing a written statement setting forth that the defendant has, in the judgment of the parole or probation officer, violated the conditions of his release. The written statement delivered with the person by the arresting officer to the official in charge of the detention facility to which the person is brought shall be sufficient legal authority for detaining him. After making an arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation.

217.722. 1. If any probation officer has probable cause to believe that the person on probation has violated a condition of probation, the probation officer may issue a warrant for the arrest of the person on probation. The officer may effect the arrest or may deputize any other officer with the power of arrest to do so by giving the officer a copy of the warrant which will outline the circumstances of the alleged violation and contain the statement that the person on probation has, in the judgment of the probation officer, violated the conditions of probation. The warrant delivered with the offender by the arresting officer to the official in charge of any jail or other detention facility shall be sufficient

authority for detaining the person on probation pending a preliminary hearing on the alleged violation. **In the event the offender is placed in the custody of any jail or medium security institution operated by a county or city not within a county, such offender shall be transferred as soon as possible, and in any event no later than ten days following arrest, to the custody of the Missouri Department of Corrections. Any county or city not within a county that had temporary custody of such an offender shall be reimbursed by the state in such amounts and in such manner as provided in section 221.105.1, RSMo, for the period in which it had custody of said offender prior to transfer. Any such offender shall remain in the custody of the Missouri Department of Corrections except on those days when court appearances are required, and any jail or medium security institution operated by any county or city not within a county accepting custody of such offender on such days shall be reimbursed by the state in such amounts and in such manner as provided in section 221.105.1, RSMo.** Other provisions of law relating to release on bail of persons charged with criminal offenses shall be applicable to persons detained on alleged probation violations.

2. Any person on probation arrested under the authority granted in subsection 1 of this section shall have the right to a preliminary hearing on the violation charged as long as the person on probation remains in custody or unless the offender waives such hearing. The person on probation shall be notified immediately in writing of the alleged probation violation. If arrested in the jurisdiction of the sentencing court, and the court which placed the person on probation is immediately available, the preliminary hearing shall be heard by the sentencing court. Otherwise, the person on probation shall be taken before a judge or associate circuit judge in the county of the alleged violation or arrest having original jurisdiction to try criminal offenses or before an impartial member of the staff of the Missouri board of probation and parole, and the preliminary hearing shall be held as soon as possible after the arrest, **and in any event no later than 14 days following the date of arrest.** Such preliminary hearings shall be conducted as provided by rule of court or by rules of the Missouri board of probation and parole. If it appears that there is probable cause to believe that the person on probation has violated a condition of probation, or if the person on probation waives the preliminary hearing, the judge or associate circuit judge, or member of the staff of the Missouri board of probation and parole shall order the person on probation held for further proceedings in the sentencing court. If probable cause is not found, the court shall not be barred from holding a hearing on the question of the alleged violation of a condition of probation nor from ordering the person on probation to be present at such a hearing.

3. Upon such arrest and detention, the probation officer shall immediately notify the sentencing court and shall submit to the court a written report showing in what manner the person on probation has violated the conditions of probation. Thereupon, or upon arrest by warrant, the court shall cause the person on probation to be brought before it without unnecessary delay **and in any event no later than 45 days following the date of arrest, unless extended for good cause,** for a hearing on the violation charged. Revocation hearings shall be conducted as provided by rule of court.”; and

any court having jurisdiction over the charges shall within ten days of the failure to comply inform the defendant by ordinary mail at the last address shown on the court records that the court will order the director of revenue to suspend the defendant's driving privileges if the charges are not disposed of and fully paid within thirty days from the date of mailing. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver's license suspended solely under the provisions of this section. If any city, town, or village receives more than [forty-five] **thirty-five** percent of its [total] annual **general operating** revenue from fines **and court costs** for traffic violations occurring on state highways, all revenues from such violations in excess of [forty-five] **thirty-five** percent of the [total] annual **general operating** revenue of the city, town, or village shall be sent to the director of the department of revenue and shall be distributed annually to the schools of the county in the same manner that proceeds of all penalties, forfeitures and fines collected for any breach of the penal laws of the state are distributed. For the purpose of this section the words "state highways" shall mean any state or federal highway, including any such highway continuing through the boundaries of a city, town or village with a designated street name other than the state highway number.

**2. If any city, town, or village fails to send such excess revenues to the director of the department of revenue in a timely fashion which shall be set forth by the director by rule, such city, town, or village shall submit to an annual audit by the state auditor pursuant to the authority of Article IV, Section 13 of the Missouri Constitution. 644.051. 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to build, erect, alter, replace, operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds a permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the director for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the director for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The director shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the director determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the director shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the director determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the director shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act.

4. Before issuing a permit to build or enlarge a water contaminant or point source or reissuing any permit, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate

any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule. **Prior to the development or renewal of a general permit or permit by rule, for aquaculture, the director shall convene a meeting or meetings of permit holders, applicants and public to evaluate the pollution impacts of permits and to discuss any terms and conditions that may be necessary to protect waters of the state. Following the discussions, the director shall finalize a draft permit that considers the comments of the meeting participants and post the draft permit on notice for public comment. The director shall concurrently post with the draft permit an explanation of the draft permit and shall identify types of facilities which are subject to the permit conditions. Concerned, affected public or applicants for new general permits, renewed general permits or permits by rule may request a hearing with respect to the new requirements in accordance with this section. If a request for a hearing is received, the commission shall hold a hearing to receive comments on issues of significant technical merit and concerns related to the responsibilities of the Missouri clean water law. The commission shall conduct such hearings in accordance with this section. After consideration of such comments, a final action on the permit shall be rendered. The time between the date of the hearing request and the hearing itself shall not be counted as time elapsed pursuant to subdivision (1) of subsection 13 of this section.**

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. The commission shall set the matter for hearing not less than thirty days after the notice of appeal is filed. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section the burden of proof is on the applicant for a permit. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

**9. Unless a site-specific permit is requested by the applicant, aquaculture facilities shall be governed by a general permit issued pursuant to this section with a fee not to exceed two hundred fifty dollars pursuant to subdivision (5) of subsection 6 of section 644.052. However, any aquaculture facility which materially violates the conditions and requirements of such permit may be required to obtain a site-specific permit.**

[9.] 10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of an operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit.

[10.] 11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

[11.] **12.** The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

[12.] **13.** (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the requested permits within sixty days of the department's receipt of an application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065, RSMo.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087, RSMo. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

[13.] **14.** The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

[14.] **15.** All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

644.052. 1. Persons with operating permits or permits by rule issued pursuant to this chapter shall pay fees pursuant to subsections 2 to 8 and 12 to 13 of this section. # JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTIETH DAY, MONDAY, APRIL 29, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

The weekend brought rain to much of the state, but no rainbow to this Chamber, and no pot of gold, God of our assembly. With the last weeks of this session in view, the needs are great, the time is short, the anxiety level rises, and this House requests immediate provision.

There is strength in this room, Lord, the power of that good kind of leadership which precedes good government. The changes laid out here this week will truly effect change in many people's lives, for some, major alteration in their families, in their schools, in their places of work.

The people count on these women and men to effect that adjustment creatively, that there might be productive progress with the least upheaval. God of our people, please help to make it so. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-ninth day was approved as corrected.

4. Each district's apportionment shall be the prorated categorical add-ons plus the greater of the district's prorated entitlement minus the total deductions for the district or zero.

5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is less.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.** The preservice teacher assessment shall be reviewed by the certifying authority prior to issuance of a certificate. Any costs associated with the entry-level tests or the exit requirements established under this subsection shall be borne by each institution and costs defrayal included in the incidental fees charged to the student.

The professional development plan shall include assistance from a professional development committee, which is hereby established in each school district, which committee shall work with beginning teachers and experienced teachers in identifying instructional concerns and remedies; serve as a confidential consultant upon a teacher's request; assess faculty needs and develop in-service opportunities for school staff; and present to the proper authority faculty suggestions, ideas and recommendations pertaining to classroom instruction within the school district. The members of each professional development committee shall be selected by the teachers employed by the school district in question. The professional development plan may include guidance from a district-designated faculty member employed at a grade level comparable to the instructional grade level of the beginning teacher, and such other forms of assistance which the school district may choose to offer. The professional development committee may apply to the state board of education for a grant, which shall be in addition to any state aid provided to the committee for activities identified in this subdivision. The grant thus awarded shall be used by the committee to provide in-service training to the teachers of the district on teaching children identified as at risk of failing in school as defined in section 167.273. The department of elementary and secondary education shall provide resource materials and assist the committee if such assistance is requested;

(2) Such programs shall include assistance from the teacher education program which provided the teacher's training if such training was provided in a Missouri college or university. Such assistance from the college or university

may include retraining, internships, counseling, and in-service training.

5. The practicing teacher assistance programs established under this section shall include, but need not be limited to, programs of professional development and improvement as provided for experienced teachers by the professional development committee established under subsection 4 of this section, and in-service opportunities as provided by the local school district for all practicing teachers.

6. (2) Establishment of programs by local districts and organizations for the training of school board members are encouraged and recommended.

**170.014. 1. This section shall be known as the “Reading Instruction Act” and is enacted to ensure that all public schools establish reading programs based in scientific research and offer explicit systematic phonics instruction in grades kindergarten through three as a significant component of a program of balanced reading instruction and that all new teachers who teach reading in grades kindergarten through three receive adequate training in the teaching of explicit systematic phonics.**

Nothing in this section shall be construed to allow for implicit phonics methodology as a substitute for the teaching of explicit systematic phonics as defined by this section.

4. On and after July 1, 2005, no teacher shall be certified to teach reading in the public schools of this state in grades kindergarten through three, either as a reading specialist or as a classroom teacher, unless the teacher has successfully completed instruction in explicit systematic phonics at the university or college level.”; and

**“171.053. 1. The general assembly hereby finds and declares that:**

(1) The Future Farmers of America (FFA), Future Homemakers of America (FHA/HERO), Family, Career and Community Leaders of America (FCCLA) and 4-H programs in the state and the organized competitions held as a part of the Missouri state fair involve an education and learning process that is not otherwise available in the regular curriculum of secondary education in Missouri;

(2) The principles and practices learned by school students in such programs are highly beneficial to students;

(3) Participation in such programs should be encouraged; and

(4) One method of encouraging participation in such programs is to allow such participation to be counted as school attendance for the purpose of determining state school aid.

2. It is the purpose and intent of this section to assure that participation of students in sanctioned activities of such programs be allowed to such extent as may be determined appropriate by the school boards of the various school districts.

3. A school board shall allow, pursuant to its written policy and with the approval of the responsible sponsoring school employee, any student enrolled in the district to use such regularly scheduled instructional time as is reasonably necessary for such student to participate in an officially-sanctioned activity of any such program; provided, if the program is not a part of the Missouri state fair or 4-H, that such program has a local chapter which is officially recognized by the student's school.

4. For the purpose of distributing state school aid pursuant to section 163.031, RSMo, a student who is

**participating in an officially-sanctioned activity of any such program, as provided pursuant to subsection 3 of this section, shall be considered to be attending regularly scheduled instruction in the district and such hours of participation occurring during the regular school day shall be included in the district's calculation of average daily attendance, as defined in section 163.011, RSMo.”; and**

*Senate Amendment No. 5*

AMEND House Committee Substitute for House Bill No. 1711, Page 5, Section 163.011, Line 154, by inserting after all of said line the following:

“163.036. 1. In computing the amount of state aid a school district is entitled to receive under section 163.031, a school district may use an estimate of the number of eligible pupils for the ensuing year, the number of eligible pupils for the immediately preceding year or the number of eligible pupils for the second preceding school year, whichever is greater. Except as otherwise provided in subsection 3 of this section, any error made in the apportionment of state aid because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating eligible pupils exceeds the amount to which the district was actually entitled by more than five percent, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law, the state board of education shall make an adjustment for the immediately preceding year for any increase in the actual number of eligible pupils above the number on which the state aid in section 163.031 was calculated. Said adjustment shall be made in the manner providing for correction of errors under subsection 1 of this section.

3. (1) For any district which has, for at least five years immediately preceding the year in which the error is discovered, adopted a calendar for the school term in which elementary schools are in session for twelve months of each calendar year, any error made in the apportionment of state aid to such district because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091 and subsection 1 of this section, except that if the amount paid exceeds the amount to which the district was actually entitled by more than five percent and the district provides written application to the state board requesting that the deductions be made pursuant to subdivision (2) of this subsection, then the amounts shall be deducted pursuant to subdivision (2) of this subsection.

(2) For deductions made pursuant to this subdivision, interest at the rate of six percent shall be charged on the excess and shall be included in the amount deducted and the total amount of such excess plus accrued interest shall be deducted from the district's apportionment in equal monthly amounts beginning with the succeeding school year and extending for a period of months specified by the district in its written request and no longer than sixty months.

4. For the purposes of distribution of state school aid pursuant to section 163.031, a school district may elect to use the district's equalized assessed valuation for the preceding year, or an estimate of the current year's assessed valuation if the current year's equalized assessed valuation is estimated to be more than ten percent less than the district's equalized assessed valuation for the preceding year. A district shall give prior notice to the department of its intention to use the current year's assessed valuation pursuant to this subsection. Any error made in the apportionment of state aid because of a difference between the actual equalized assessed valuation for the current year and the estimated equalized assessed valuation for the current year shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating current equalized assessed valuation exceeds the amount to which the district was actually entitled, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

**5. For the purposes of distribution of state school aid pursuant to section 163.031, a school district with ten percent or more of its assessed valuation owned by one person or corporation as commercial and/or personal property and this person or corporation is delinquent in its property tax payment, may elect, after receiving notice from the county clerk on or before March fifteenth, except in the year enacted, that more than ten percent of its current taxes due the preceding December thirty-first by a single property owner are delinquent, to use on line 2 of the state aid formula the district's equalized assessed valuation for the preceding year or the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which**

the current year's property tax is delinquent. To qualify for use of the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent, a district must notify the department of elementary and secondary education on or before April first, except in the year enacted, of the current year amount of delinquent taxes, the assessed valuation of such property for which delinquent taxes are owed and the total assessed valuation of the district for the year in which the taxes were due but not paid. Any district giving such notice to the department of elementary and secondary education shall present verification of the accuracy of such notice obtained from the clerk of the county levying delinquent taxes. When any of the delinquent taxes identified by such notice are paid during a four year period following the due date the county clerk shall give notice to the district and the department of elementary and secondary education and state aid paid to the district shall be reduced by an amount equal to the delinquent taxes received plus interest. The reduction in state aid shall occur over a period not to exceed five years and the interest rate on excess state aid not refunded shall be six percent annually.

6. If a district receives state aid based on equalized assessed valuation as determined by subsection 5 of this section and if prior to such notice the district was paid state aid pursuant to subdivision (2) of subsection 5 of section 163.031, the amount of state aid paid during the year of such notice and the first year following shall equal the sum of state aid paid pursuant to line 1 minus line 10 as defined in subsections 1, 2, 3 and 6 of section 163.031 plus the difference between the state aid amount being paid after such notice minus the amount of state aid the district would have received pursuant to line 1 minus line 10 as defined in subsections 1, 2, 3 and 6 of section 163.031 before such notice. To be eligible to receive state aid based on this provision the district must levy during the first year following such notice at least the maximum levy permitted school districts by article X, section 11(b) of the Missouri Constitution and have a voluntary rollback of its tax rate which is no greater than one cent per one hundred dollars assessed valuation.”; and

Further amend the title and enacting clause accordingly.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-FIRST DAY, TUESDAY, APRIL 30, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

Heavenly Father, we have assembled today to continue this process of dialogue and debate, not just to prove rightness or to right old hurts, but to advance the progress of this state. God of hope, God of challenge, let party allegiance and personal reputation not blind any of these men and women to their prime commitment to serve all the people of this state.

Wisdom in decision flows from inner motivation to build and not to destroy. That strength is readily found in that quiet place within each of our hearts, where You and not ego, are truly God. Help us all to go there now, to find You, and to proceed to this day's decisions with grace, dignity, and purpose. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Luke Boydston, Michael Danner, Taylor Spooner, Mary Meehan, Cedrick Allen, Brittney Robinson, Tim Hoette, Ryann Thompson, Steve Beckmann, Joey Caldwell, Porsha Doyle, Vincent Crossland, Allison Gallagher, Andrea Unger, Steve Davis, Caroline Philipponne, Kristi Wells, Sarah Terry, Vickie Thompson, Kenny Bauer, Alicia Burkhart, Eric Welliver, Ryan Welliver, Casey O'Donnell, Cameron Grandberry, Lorelei Redstone, Corey VonderHaar, Brett Fawcett, Zach Sheffler, Dylan Spinks, Abigayle Knaebel, Lauren Adams and Abby Adams.

The Journal of the sixtieth day was approved as corrected.

If the results show that less than a majority of the votes cast by the qualified voters were in favor of the organization of the district, the circuit court shall declare that the question has failed to pass, and the same question shall not be again submitted for voter approval for two years.

238.512. 1. Except as otherwise provided in section 238.516 with respect to the election of directors, in order to call any election required or allowed in sections 238.500 to 238.552, the circuit court shall order the clerk to cause the questions to appear on the ballot on the next regularly scheduled municipal, or state general, primary, or special election day, which date shall be the same in each county or city not within a county included within and voting upon the proposed district.

2. The results of the election shall be entered upon the records of the circuit court of the county in which the petition was filed. Also, a certified copy thereof shall be filed with the clerk of each county and city not within a county of the proposed district, who shall cause the same to be spread upon the records of the county commission and the city not within a county.

238.514. The costs of filing and defending the petition and all publication and incidental costs incurred in obtaining circuit court certification of the petition for voter approval shall be paid by the petitioners. If a district is organized pursuant to sections 238.500 to 238.552, the petitioners may be reimbursed for such costs out of the revenues received by the district.

238.516. 1. At the time of the organizing election, three directors from each county or city not within a county shall be elected.

2. Candidates shall pay the sum of fifty dollars as a filing fee to the clerk of the county or city not within a county and shall file with the election authority of such county or city not within a county a statement under oath that the candidate possesses all of the qualifications set out in this section for a director. Thereafter, such candidate shall have the candidate's name placed on the ballot as a candidate for director.

3. The director or directors to be elected shall be elected at large within the county or city not within a county. The candidate receiving the most votes from qualified voters shall be elected to the position having the six-year term, the second highest total votes elected to the position having the four-year term, and the third highest total votes elected to the position having a two-year term. Each initial director shall serve the term to which the director was elected, and until a successor is duly elected and qualified. Each successor director shall serve a six-year term. The directors shall nominate and elect an interim director to complete any unexpired term

of a director caused by resignation or disqualification.

4. Each director shall be a resident of the district. Directors shall be registered voters at least twenty-one years of age.

238.518. 1. The board shall possess and exercise all of the district's legislative and executive powers.

2. The board shall meet within thirty days after the election of the initial directors. The time and place of the first meeting of the board shall be designated by the court that heard the petition upon the court's own initiative or upon the petition of any interested person. At its first meeting and after each election of new board members the board shall elect a chair from its members.

3. The board shall appoint an executive director, district secretary, treasurer, and such other officers or employees as it deems necessary.

4. At the first meeting, the board, by resolution, shall define the first and subsequent fiscal years of the district, and shall adopt a corporate seal.

5. A simple majority of the board shall constitute a quorum. If a quorum exists, a majority of those voting shall have the authority to act in the name of the board, and approve any board resolution.

6. Each director shall devote such time to the duties of the office as the faithful discharge thereof may require and may be reimbursed for actual and necessary expenditures in the performance of duties on behalf of the district.

238.520. 1. Before construction of any project to be merged into the state highways and transportation system, the district shall submit the proposed project, together with the proposed plans and specifications, to the commission for its prior approval of the project. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may approve the project subject to the district making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. Before construction of any project that is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall submit the proposed project, together with proposed plans and specifications, to the local transportation authority for its prior approval. The local transportation authority may approve the project subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

238.522. 1. A district may use sales taxes, tolls, or bonds specifically authorized by sections 238.500 to 238.552 to fund a project.

2. At any time during the existence of the district the board may submit or resubmit a proposed funding method authorized by sections 238.500 to 238.552 for transportation projects to the qualified voters for approval.

3. The district may by contract with the commission agree to send to the commission any revenue received by the district from any funding method authorized by sections 238.500 to 238.552. Such revenue and interest therefrom shall be deposited by the commission pursuant to section 227.180, RSMo, and applied by the commission to project costs, including debt service, on revenue bonds, or refunding bonds issued by the commission.

4. Revenue raised by the regional transportation development district shall provide additional funding for transportation projects and purposes. The commission shall not reduce funding from any source provided to the area covered by the regional transportation development district below the amount received in the fiscal year of the district's organization except when state or federal taxes or fees are reduced, in which case the reduction must not exceed the proportion of the tax or fee reduction. The commission shall increase funding in each fiscal year to the area covered by the regional transportation development district by at least the percent growth in all funding sources. Any and all federal funds designated by federal law, regulation, or appropriation to the area covered by the regional transportation development district must be passed through to the district in full.

5. The district may by contract with a local transportation authority agree to send the local

transportation authority any revenue received by the district. The local transportation authority shall deposit such revenue in a special local trust account. Such revenue and interest therefrom shall be applied by the local transportation authority to project costs.

238.524. 1. Any transportation development district which consists of one or more counties or city not within a county, may by resolution impose a regional transportation development district sales tax on all retail sales made in such regional transportation development district which are subject to taxation pursuant to sections 144.010 to 144.525, RSMo, for any transportation development purpose designated by the regional transportation development district in its ballot of submission to its qualified voters. No resolution enacted pursuant to the authority granted by this section shall be effective unless the board of directors of the regional transportation development district submits to the qualified voters of the regional transportation development district, at a municipal or state general, primary, or special election, a proposal to authorize the board of directors of the transportation development district to impose a sales tax or tolls pursuant to this section.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional transportation development district of ..... (regional transportation development district's name) impose a regional transportation development district-wide sales tax at the rate of (insert amount) for a period of .....(insert number) years from the date on which such tax is first imposed for the purpose funding transportation projects?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the regional transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the regional transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. Within ten days after the adoption of any resolution in favor of the adoption of a regional transportation development district sales tax by the qualified voters of such regional transportation development district, the regional transportation development district shall forward to the director of revenue, by United States registered mail or certified mail, a certified copy of the resolution of its board of directors. The resolution shall reflect the effective date thereof. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of such tax.

4. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together, and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

5. All revenue received by a regional transportation development district from the tax authorized by this section which has been designated for certain transportation purpose, less one percent to pay for the costs of collection deposited by the department of revenue in the state's general revenue fund, shall be deposited by the district in a special local trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to this section or if the tax authorized by this section is repealed pursuant to this section, all funds remaining in the special local trust fund shall continue to be used solely for such designated transportation purposes. Any funds in such special local trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other regional transportation development district funds.

6. The sales tax may be imposed at a rate of up to one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the regional transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to sections 144.010 to 144.525, RSMo, except such regional transportation development district sales tax shall not

apply to the sale or use of motor vehicles, trailers, boats, or outboard motors nor to public utilities. Any regional transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by the resolutions as authorized by this section, plus any amounts imposed pursuant to other provisions of law.

8. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, governing local sales taxes, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed in this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed in this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the regional transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

9. If any regional transportation development district repeals the tax authorized by this section, the regional transportation development district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal and the director of revenue may order retention, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax authorized by this section in such regional transportation development district, the director of revenue shall remit the balance in the account to the regional transportation development district and close the account of that transportation development district. The director of revenue shall notify each regional transportation development district of each instance of any amount refunded or any check redeemed from receipts due the regional transportation development district.

10. (1) No regional transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects.

(2) Whenever the board of directors of any regional transportation development district in which a regional transportation development sales tax has been imposed pursuant to this section receives a petition, signed by ten percent of the qualified voters of such regional transportation development district calling for an

election to repeal such sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects, submit to the voters of such regional transportation development district a proposal to repeal the sales tax imposed pursuant to this section at the next municipal, state general, primary, or special election. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the sales tax, then the resolution imposing the sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the sales tax, then the ordinance or resolution imposing the sales tax, along with any amendments thereto, shall remain in effect.

238.526. 1. If approved by a majority of the qualified voters voting on the question in the district, the district may charge and collect tolls or fees for the use of a transportation project. The board may charge a lower toll rate or fee than that amount approved by the district voters, and may increase that lower toll rate or fee to a level not exceeding the toll or fee rate ceiling without voter approval. Toll rates or fees for the use of the same project may vary at the election of the board, depending upon the type or nature of the user, or the type or nature of the use.

2. The ballot of submission shall be substantially in the following form:

Shall the Regional Transportation Development District be authorized to charge tolls or fees in amounts not to exceed those given below:

Maximum Toll or Fee Toll or Fee Description

(Insert amount) (Insert a brief description of the toll or fee, distinguishing it from other tolls or fees to be charged on the same project)

(Insert amount) (Describe the next toll or fee charged)

(Etc.) (Etc.) for the purpose of providing revenue to fund a project (or projects) in the district (insert general description of the project or projects, if necessary)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. To construct a toll facility, a district may relocate an existing state highway or bridge, subject to approval by the commission, or an existing local public bridge, street, or road, subject to approval by the local transportation authority having control and jurisdiction over such street or road. A district shall not incorporate an existing free public bridge, street, road, or highway into a district project that will be subject to tolls.

238.528. A district may:

(1) Contract and incur liabilities appropriate to accomplish its purposes;  
 (2) Lease or lease-purchase any real or personal property necessary or convenient for its purposes;  
 (3) Borrow money for its purposes at such rates of interest as the district may determine; and  
 (4) Issue bonds, notes, and other obligations, and may secure any of such obligations by mortgage, pledge, assignment, or deed of trust of any or all of the property and income of the district, subject to the restrictions provided in sections 238.500 to 238.552. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it obtained by eminent domain. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it acquired from the state of Missouri or any agency or political subdivision thereof without the written consent of the state, agency, or political subdivision from which it obtained the property.

238.530. 1. A district may at any time authorize or issue revenue bonds for the purpose of paying all or any part of the cost of any project. Every issue of such bonds shall be payable out of the revenues of the district and may be further secured by other property of the district which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to

any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds shall be authorized by resolution of the district, and if issued by the district, shall bear such date or dates, and shall mature at such time or times, but not in excess of twenty-five years, as the resolution shall specify. Such bonds shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places and subject to redemption as such resolution may provide notwithstanding section 108.170, RSMo. The bonds may be sold at either public or private sale, at such interest rates, and at such price or prices as the district shall determine.

2. Any issue of district bonds outstanding may be refunded at any time by the district by issuing its refunding bonds in such amount as the district may deem necessary. Such bonds may not exceed the amount sufficient to refund the principal of the bonds so to be refunded together with any unpaid interest thereon and any premiums, commissions, service fees, and other expenses necessary to be paid in connection with the refunding. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds being refunded or by the exchange of the refunding bonds for the bonds being refunded with the consent of the holder or holders of the bonds being refunded. Refunding bonds may be issued regardless of whether the bonds being refunded were issued in connection with the same project or a separate project and regardless of whether the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

3. If the proposed project is intended to be merged into the state highways and transportation system for future maintenance under the commission's jurisdiction, the district may contract with the commission to assist it in issuing district revenue bonds and refunding bonds. The district may also contract with the commission to issue commission revenue bonds and refunding bonds and to loan the proceeds thereof to the district. Such bonds shall be authorized by commission minute and shall be issued subject to conditions applicable to bonds issued by the district but as determined by the commission rather than the district.

4. Bonds issued pursuant to this section shall exclusively be the responsibility of the district payable solely out of district funds and property provided in sections 238.500 to 238.552 and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Neither the district nor the commission shall be obligated to pay such bonds with any funds other than those specifically pledged to repayment of the bonds. Any bonds issued by a district or the commission shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

5. Bonds issued pursuant to this section, the interest thereon, or any proceeds from such bonds shall be exempt from taxation in the state of Missouri for all purposes except the state estate tax.

238.532. The district may:

- (1) Purchase land or receive contributions of land and cash for project right-of-way;
- (2) Limit and control access from adjacent property to a district project; and
- (3) Sell and convey excess right-of-way for fair market value to any person or entity.

238.534. 1. The district may condemn lands for a project in the name of the state of Missouri as to the necessity for the taking of the description of the parcel and the interest taken in that parcel.

2. If condemnation becomes necessary the district shall act pursuant to chapter 523, RSMo, and may condemn a fee simple or other interest in land.

3. The district may, after prior notice to the owner to enter upon private property, survey and determine the most advantageous route and design. The district shall be liable for all damages done to the property by such inspection.

4. Any person who involuntarily transfers any interest in land to a district which becomes insolvent and comes under the jurisdiction of a court may reacquire that property by paying to the district the total amount of the condemnation award for that parcel, plus statutory interest at the statutory rate from the date of taking on the amount of that award, if the project will not be completed by either the district, the commission, or a local transportation authority.

5. Whenever a district undertakes any project which results in the acquisition of real property or in any person or persons being displaced from their homes, businesses, or farms, the district shall provide relocation assistance and make relocation payments to such displaced person and do such other acts and follow such procedures as would be necessary to comply with the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

**238.536.** The district may contract with:

(1) A federal agency, a state or its agencies and political subdivisions, the commission, a local transportation authority, a corporation, partnership, or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity; and

(2) The commission to transfer the project to the commission free of cost or encumbrance on such terms set forth by contract. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts under chapter 536, RSMo;

(3) The local transportation authority to transfer the project to the local transportation authority free of cost or encumbrance on such terms set forth by contract.

**238.538.** In addition to all other powers granted by sections 238.500 to 238.552, the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(2) To fix compensation of its employees and contractors. All contracts in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

(3) To purchase any personal property necessary or convenient for its activities. All outright purchases of personal property in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

(4) To collect and disburse funds for its activities; and

(5) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

**238.540.** 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers, and its employees from any potential liability, and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project to obtain liability insurance having the district, its directors, and its employees as additional named insureds.

3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

**238.542.** The district may contract with the commission and local transportation authorities to obtain assistance in project funding, promotion, planning, design, right-of-way acquisition, relocation assistance services, construction, preservation, maintenance, and operation. The commission or any local transportation authority may charge the district a reasonable fee, not exceeding the actual cost of providing the service. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts pursuant to chapter 536, RSMo. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

**238.544.** The state of Missouri, upon approval by an appropriate act of the general assembly, the commission, or a local transportation authority holding title to real estate, may give, grant, and convey to or for the use of a district such right-of-way or other easement in such real estate as may be necessary for the development of a project.

**238.546.** 1. For the purpose of law enforcement, all district projects to be transferred to the commission shall be treated as commission highways under chapter 43, RSMo, and all projects to be transferred to a local transportation authority shall be treated as streets or roads of that entity.

2. All laws of this state relating to maintaining, signing, damaging, and obstructing roads shall apply to district projects. The duties and powers imposed by such laws on certain officials shall devolve upon the district's engineer or other employee designated by the board. Nothing in this subsection shall be deemed to interfere with, restrict, or limit the authority of the commission to govern and control highway marking, signalization, and signing to the extent the commission is authorized by law.

3. For outdoor advertising and junkyard control purposes, a district project may be designated by the commission as a part of the state primary highway system and by a local transportation authority as a part of

its street or road system.

**238.548.** Unless otherwise approved by contract of the district, project improvements shall not be under the control and jurisdiction of a local transportation authority while the district retains control and jurisdiction over the project. The provisions of chapter 228, RSMo, are inapplicable to transportation development districts.

**238.550.** The state auditor shall audit each district not less than once every three years, and may audit more frequently if the state auditor deems appropriate. The state auditor shall also audit each district before it is abolished. The costs of these audits shall be paid by the district.

**238.552. 1.** At such time as a district has completed its projects and has transferred ownership of the projects to the commission or other local transportation authority for maintenance, or at such time as the board determines that it is unable to complete its projects due to lack of funding or for any other reason, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

Shall the ..... Regional Transportation Development District be abolished?

**2.** The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Before submitting the question to abolish the district to a vote, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law.

**3.** While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

**4.** Upon receipt of certification by the appropriate election authorities that the majority of those voting within the district have voted to abolish the district, and if the state auditor has determined that the district's financial condition is such that it may be abolished pursuant to law, then the board shall:

(1) Sell any remaining district real or personal property, and then transfer the proceeds and any other real or personal property owned by the district, including revenues due and owing the district, to the commission or any appropriate local transportation authority assuming maintenance and control of the project, for its further use and disposition;

(2) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

(3) At a public meeting of the district, declare by a majority vote that the district has been abolished effective that date; and

(4) Cause copies of that resolution under seal to be filed with the secretary of state, the director of revenue, the commission, and with each local transportation authority affected by the district. Upon the completion of the final act specified in this subsection, the legal existence of the district shall cease."; and

- (1) That the applicant would be a suitable licensee;
  - (2) That a licensed racetrack at the proposed location would be in the public interest;
  - (3) That the proposed racetrack operation is economically feasible;
  - (4) That the proposed racetrack's establishment would not be detrimental to the development of a sound [horse] racing program for Missouri;
  - (5) That any financing of applicant's proposed operations is adequate and comes from a source that is not detrimental to the public interest; [and]

**313.583. 1.** An application to receive a license constitutes a request for a determination of the applicant's general character, integrity, and suitability for licensure. Such determination shall be made by the commission after due investigation of the applicant. The applicant for such license shall file with its application an application fee of fifty thousand dollars. If the cost of the commission's investigation exceeds the total amount of the fee paid by the applicant pursuant to this section, the commission may assess additional fees as it deems appropriate; however, if the applicant is denied a license, the applicant shall be entitled to a refund of the difference between the application fee and the actual costs of the investigation.

**2.** Applications for a license shall be made, processed, and determined using such forms as the commission may require. The application shall fully identify the applicant, include evidence of the financial responsibility of the applicant, describe the names and identification of those who will supervise the wagering, describe the controls and supervision by the licensee and describe the general physical layout of the track and its location.

- (2) Thirty days of live racing in this state during the next twelve-month period; and
- (3) Fifty days of live racing in this state during each twelve-month period thereafter.

The commission shall only have authority to waive, suspend, or modify the provisions of this section in the event that circumstances beyond the control of the applicant or licensee prevent the applicant or licensee from complying with such requirements.

**2.** In the event that a licensee does not make a capital investment or own and operate a live racetrack that

conducts the minimum number of days of live racing in Missouri as set forth in subsection 1 of this section, the commission shall restrict, revoke, suspend, or place on probation the licensee's right to operate until the licensee adequately demonstrates an ability to satisfy the requirements of subsection 1 of this section.

3. On motion of Representative O'Toole, **Part III of HS SB 1220** was adopted.

Representative Relford offered **House Amendment No. 1 to Part IV.**

*House Amendment No. 1  
to  
Part IV*

AMEND Part IV of House Substitute for Senate Bill No. 1220 by placing the following in the appropriate position:

"313.820. 1. An excursion boat licensee shall pay to the commission an admission fee of two dollars for each person embarking on an excursion gambling boat with a ticket of admission. One dollar of such fee shall be deposited to the credit of the gaming commission fund as authorized pursuant to section 313.835, and one dollar of such fee shall not be considered state funds and shall be paid to the home dock city or county **for ten years after the excursion boat has first admitted persons for gambling. After ten years from the date when the excursion boat begins admitting persons for gambling, fifty cents of such fee shall not be considered state funds and shall be paid to the home dock city or county, and fifty cents shall be paid to trust funds created for law enforcement and fire protection with twenty-five cents going to the trust fund for law enforcement and twenty-five cents going to the trust fund for fire protection. The director of the department of public safety is responsible for the administrative duties of the law enforcement and fire protection trust funds. The director shall use the money deposited in these funds solely for funding the equipment and salary needs of law enforcement and fire departments within the state.** Subject to appropriation, one cent of such fee deposited to the credit of the gaming commission fund may be deposited to the credit of the compulsive gamblers fund created pursuant to the provisions of section 313.842. Nothing in this section shall preclude any licensee from charging any amount deemed necessary for a ticket of admission to any person embarking on an excursion gambling boat. If tickets are issued which are good for more than one excursion, the admission fee shall be paid to the commission for each person using the ticket on each excursion that the ticket is used. If free passes or complimentary admission tickets are issued, the excursion boat licensee shall pay to the commission the same fee upon these passes or complimentary tickets as if they were sold at the regular and usual admission rate; however, the excursion boat licensee may issue fee-free passes to actual and necessary officials and employees of the licensee or other persons actually working on the excursion gambling boat. The issuance of fee-free passes is subject to the rules of the commission, and a list of all persons to whom the fee-free passes are issued shall be filed with the commission.

2. All licensees are subject to all income taxes, sales taxes, earnings taxes, use taxes, property taxes or any other tax or fee now or hereafter lawfully levied by any political subdivision; however, no other license tax, permit tax, occupation tax, excursion fee, or taxes or fees shall be imposed, levied or assessed exclusively upon licensees by a political subdivision. All state taxes not connected directly to gambling games shall be collected by the department of revenue. Notwithstanding the provisions of section 32.057, RSMo, to the contrary, the department of revenue may furnish and the commission may receive tax information to determine if applicants or licensees are complying with the tax laws of this state; however, any tax information acquired by the commission shall not become public record and shall be used exclusively for commission business."; and

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-SECOND DAY, WEDNESDAY, MAY 1, 2002

Speaker Kreider in the Chair.

Prayer by Representative Jim Kreider, Speaker of the House.

Oh! Almighty and Everlasting God, Creator of Heaven, Earth and the Universe. Help me to be, to think, to act what is right, because it is right; make me truthful, honest and honorable in all things; make me intellectually honest for the sake of right and honor and without thought of reward to me.

Give me the ability to be charitable, forgiving and patient with my fellowmen - help me to understand their motives and their shortcomings - even as Thou understandest mine! Amen, Amen, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: David Goddard, Kelly Stumpf, Jasmine Moore, Kendrell Townsel, Christopher Smith, Keyonte King, Vahava Florans, Nechama Dina Simon, Rochel Halle, Rachel Axelbaum, Bracha Sarah Pentelnik, Shulamis List, Chaya Mushka Huber, Gage Henry, Lydia-Rae Rice, Tim Work, Nikkita Joseph and Edjuan Smith.

SENATE CONCURRENT RESOLUTION NO. 64

WHEREAS, recognizing that visual development from birth through school age has sensitive and critical periods where abnormalities can lead to permanent impairments, especially in the development of binocular vision, an important part of human vision; and

WHEREAS, realizing that conditions such as strabismus (ocular misalignment) including esotropia (crossed eyes) and exotropia (outward turned eyes) occur in up to 6.7% of children prior to entering elementary school and anisometropia (significant difference in refractive prescription between the eyes) has a 1% or higher prevalence and clinically significant hyperopia (farsightedness) a prevalence of 3-6%; and

WHEREAS, The Journal of the American Public Health Association reported that 25% of Missouri's K-6 children have some kind of vision deficiency; and

WHEREAS, noting that the majority of eye and vision conditions prior to entering elementary school are not obvious on gross examination and go undetected; and

WHEREAS, noting that decreased binocular vision and depth perception can lead to problems in gross motor and fine motor development, and that uncorrected hyperopia is associated with deficits in visual perceptual skills, reading readiness, intelligence quotient, and reading achievement; and

WHEREAS, realizing that early comprehensive childhood eye care is a neglected area, that less than half of pediatricians perform even limited vision screenings, and pediatric screening, when performed, is usually limited to a light reflex test which will not detect most strabismus, hyperopia or anisometropia; and

WHEREAS, recognizing that professional organizations agree that screening under age 3 is not successful but there is ample evidence that amblyopic conditions should be detected and treated as early as possible;

NOW, THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-First General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby impel school districts to implement:

(1) The institution of a comprehensive vision screening to be performed on kindergarten age children. Such screenings should be done through the use of photorefractive technology developed by the National Aeronautics and Space Administration, and should screen for myopia, hyperopia, oblique astigmatisms, anisometropia, constant strabismus, ocular media opacities, other visible eye abnormalities, and defects that can lead to amblyopia.

(2) With the completion of such screening all children and schools would receive information detailing their screening results. Children with possible problems indicated will be directed to seek the services of an eye care professional to address their problem through a full eye examination.

(3) This screening system will begin with a pilot program for the 2002 school year. This program will be implemented in designated school districts as funding permits

(4) This pilot program will be funded through monies deposited in the “Blindness, Education Screening & Treatment Fund”.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 65**.

SENATE CONCURRENT RESOLUTION NO. 65

WHEREAS, the September 11, 2001, terrorist attacks have had a substantial impact on the American economy; and

WHEREAS, insurers estimate that their losses from the attacks could reach \$70 billion; and

WHEREAS, insurance coverage on the World Trade Center and the businesses in and around the Trade Center were multi-layered, and will affect insurers of all kinds, including: property-casualty, liability, workers' compensation, business interruption, life, health and reinsurance; and

WHEREAS, insurers are concerned that they cannot adequately or accurately price insurance coverage for future catastrophes resulting from terrorism; and

WHEREAS, reinsurers are already notifying their customers that they will no longer cover terrorism risk, and primary carriers are notifying state insurance regulators that they intend to seek exclusions of terrorism coverage in their contracts with policyholders; and

WHEREAS, without adequate insurance coverage, banks may be unwilling to extend loans for commercial transactions, such as mortgages, construction projects and other capital-intensive programs; and

WHEREAS, the inability of the insurance industry to cover losses from future terrorist activities may require action by the federal government; and

WHEREAS, a federal backstop would assure an available and affordable insurance market America's consumers and businesses in these challenging times; and

WHEREAS, a federal backstop program would help to eliminate market constriction and prohibitively high prices, would facility insurance transactions necessary for commerce, and would assure the broad-based ability of families and businesses to recover from future incidences of terrorism;

WHEREAS, without a backstop, a limited availability of insurance against terrorism would have a severe adverse effect on our country's economy as financiers would be reluctant to lend, businesses would be reluctant to invest, and consumers would be unable to afford insurance;

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the members of Congress to provide for a limited and temporary backstop for insurance against terrorism; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's Congressional Delegation.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS SB 878**, entitled:

**LETTER OF OBJECTION**

May 1, 2002

The Honorable Jim Kreider  
Speaker of the House of Representatives  
State Capitol  
Jefferson City, MO 65101

Dear Mr. Speaker:

As a member of the House Miscellaneous Bills and Resolutions Committee, I wish to express my objection to the emergency hearing of Senate Substitute for Senate Bill 1248 on Tuesday, April 30, 2002.

The bill was assigned to the committee Tuesday morning, heard by the committee less than three hours later, and a House Committee Substitute, substantially different from the Senate bill, was approved in the same meeting. The only "good cause" identified for this hasty action was "due to budget situation", yet a meeting of the committee had been scheduled for 9:15 a.m. on Wednesday, May 1, 2002.

Any bill deserves more careful consideration, but a bill that increases taxes by more than \$200M dollars should never be handled so cavalierly.

I therefore request that HCS SS SB 1248 be removed from the Calendar and reassigned to committee for a full and open hearing.

Sincerely,

/s/ Cindy Ostmann

**ADJOURNMENT**

On motion of Representative Crump, the House adjourned until 9:30 a.m., Thursday, May 2, 2002.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-THIRD DAY, THURSDAY, MAY 2, 2002

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Great God of Truth, we put our trust in You on this National Day of Prayer, and in You we find our hope. You are the Giver of love in ways that are beyond our numbering. Help these men and women of the House, as they serve Missouri, and make tough decisions.

Many of these members of the House know the frustration and pain that accompanies leadership. Many know the pressure that comes from friends and foes. Keep them this day: patient, dedicated, hard working for our state. Protect them from a heavy heart and help them put service above self. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Justin Fettig, Abby Harris, Jody Glazner, Kayli Pozniak, Salvatore Scavuzzo, Kyle Gilbert, Odessa Hart, Dannen Merrill, Malorie Barnett, John Morton, Randell Barnett, Katelyn Ewing, Shonna Hawks, Veronica Lenz, Elizabeth Gordon, Ryan Mack, Matthew Cierpoit, Michelle Stevenson, Derek Cole, Kassie Sachs and Colton Schwab.

The Journal of the sixty-second day was approved as corrected.

## **NATIONAL DAY OF PRAYER OBSERVANCE**

The House of Representatives wishes to pause with the rest of the country as part of the National Day of Prayer. Since the tragic events of September 11, all Americans have become more mindful of one another and the need to reflect on our many blessings.

Prayer by Representative Philip Willoughby.

Almighty God,

On this special day, we stand before You as a group of individuals with much to confess. A group that sometimes gets so focused on our own agendas we lose sight on the greater good. A group that sometimes pushes green when deep down inside, we know we should push red. But a group that collectively encourages and nudges our society toward a positive direction as best we can.

So Lord, on this special day of prayer, when our nation pauses - if even for a short time - to pay recognition to You, we find much to celebrate: For we stand as one nation under God - free. We stand as a collective body of separate individuals, whether Catholic, protestant, muslim, jewish, liberal, conservative, young and old - we still stand free. As freedom defines us, our commitment to each other unites us.

Today we recognize that in the world surrounding us, we see the pain of war, we hear too loudly the cries of children, and we feel too sharply the hurt of oppression. But in Your grace, You allow us to be free, and to lock arms with each other and march forward to make a difference in society.

So many act as Your instruments in leading us in this great nation, and we ask for Your blessings upon our President and national leaders, Governor Holden and state leaders. We ask for Your blessing on Speaker Kreider and Leader Hanaway as they continue to demonstrate leadership in our state.

And we pray for the people of this great land right now, whether they are plowing a field in Iowa, working in a factory in Louisiana, sitting in an office in Jefferson City, we ask for Your blessing upon them.

Lord, during this time of prayer, we celebrate Your blessings and remain, because of You - one nation - free. In Your holy name. Amen.

Prayer by Representative Matt Boatright.

We thank You Lord Jesus for life today. We thank You for a National Day of Prayer, we thank You for the privilege to live in a free land, we thank You for the privilege to pray, we thank You for Your Word which doesn't change. These are all gifts from You, and we thank You.

Lord we ask You to give us wisdom and discernment to know right from wrong. We lift up the leaders of this place and our nation. We ask for Your continued guidance and protection. Lord, we ask for ourselves, Your forgiveness for the many ways that we disappoint You with our sins.

Lord, we ask for each man, woman and child in this great state and country to heed the advice in Proverbs 3:5-6: Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge Him, and He will make your paths straight.

Lord this is our prayer today. Amen.

The House joined in a moment of silent prayer.

*House Amendment No. 1*

AMEND House Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 1248, Pages 27-30, Section 144.190, by deleting all of said section and inserting in lieu thereof the following:

“144.190. 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, such person's administrators or executors, as provided for in section 144.200.

2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.510, and the balance, with interest as determined by section 32.065, RSMo, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment.

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the director's record.

4. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. For the purposes of such direct-pay agreements, the taxes authorized pursuant to chapters 66, 67, 92 and 94, RSMo, shall be remitted based upon the location of the place of business of the purchaser.

5. For all refund claims submitted to the department of revenue on or after September 1, 2002, notwithstanding any provision of this section to the contrary, if a person legally obligated to remit the tax levied pursuant to sections 144.010 to 144.525 has received a refund of such taxes for a specific issue and submits a subsequent claim for refund of such taxes on the same issue for a tax period beginning on or after the date of the original refund check issued to such person, no refund shall be allowed and a rebuttable presumption shall exist that such person has willfully and knowingly overcharged or overcollected such taxes with intent to make claim to any such overcharged or overcollected amount for the purposes of subsection 1 of section 144.157. This subsection shall not apply if an additional refund claim is filed due to any of the following:

- (1) receipt of additional information or an exemption certificate from the purchaser of the item at issue;
- (2) a decision of a court of competent jurisdiction or the administrative hearing commission; or,
- (3) changes in regulation or policy by the department of revenue.

6. Any taxpayer in the state of Missouri may sue the state on behalf of a class of all taxpayers for refunds of sales taxes which have been incorrectly or illegally collected in the same manner as is permitted under article X, sections 18(e)(5) and 23 of the Constitution of Missouri”.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-FIFTH DAY, MONDAY, MAY 6, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

God, the goal seems both near and remote today, the way there stony. In the waning days of this session, in order that alarm not set in, we take the first step and put ourselves in Your hands. With you in our heart, on our lips, and close at our side, we take up the challenge. Our purpose attends on the people of this state, whom You love so well. We cannot lose.

In conflict, let it be You who brings convergence. In contradiction and foment, we claim Your still point of silent centeredness. In exhaustion and agitation, let Your suppleness and flexibility fuel us. Our representatives have a dwindling number of days left them. Help them, that today be for Missouri's benefit and advance. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Andrew Cribbin and Joseph Cribbin.

The Journal of the sixty-third day was approved as corrected.

The Journal of the sixty-fourth day was approved as printed.

Representative Crump suggested the absence of a quorum.

*House Amendment No. 2*

AMEND House Substitute for House Committee Substitute for Senate Bill No. 895 by inserting in the appropriate location the following section:

"454.507. 1. In addition to the authority of the division to request information pursuant to section 454.440, the division may request information from financial institutions pursuant to this section.

2. As used in this section:

(1) "Account" includes a demand deposit, checking or negotiable withdrawal order account, savings account, time deposit account or money market mutual fund account;

(2) "Encumbered assets", the noncustodial parent's interest in an account which is encumbered by a lien arising by operation of law or otherwise;

(3) "Financial institution" includes:

(a) A depository institution as defined in section 3(c) of the Federal Deposit Insurance Act (12 U.S.C. section 1813(c));

(b) An institution affiliated party as defined in section 3(u) of the Federal Deposit Insurance Act (12 U.S.C. section 1813(u));

(c) Any federal credit union or state credit union, as defined in section 101 of the Federal Credit Union Act (12 U.S.C. section 1752), including an institution affiliated party of such a credit union as defined in section 206(r) of the Federal Credit Union Act (12 U.S.C. section 1786(r)); or

(d) Any benefit association, insurance company, safe deposit company, money market fund or similar entity authorized to do business in the state.

3. The division shall enter into agreements with financial institutions to develop and operate a data match system which uses automated exchanges to the maximum extent feasible. Such agreements shall require the financial institution, to provide to the division, for each calendar quarter, the name, record address, Social Security number or other taxpayer identification number, and other identifying information of each noncustodial parent who maintains an account at such institution and who owes past due support, as identified by the division by name and Social Security number or other taxpayer identification number. The financial institution shall only provide such information stated

in this subsection that is readily available through existing data systems, and as such data systems are enhanced, solely at the financial institution's discretion and for its business purposes, the financial institution shall provide any original and additional information which becomes readily available for any new data match request.

4. The division shall pay a reasonable fee to the financial institution for conducting the data match pursuant to this section, but such amount shall not exceed the costs incurred by the financial institution.

5. The division [of] **or** a IV-D agency may issue liens against any account in a financial institution and may release such liens.

6. (1) If a notice of lien is received from the division or a IV-D agency, the financial institutions shall immediately encumber the assets held by such institution on behalf of any noncustodial parent who is subject to such lien. However, if the account is in the name of a noncustodial parent and such parent's spouse **or parent**, the financial institution at its discretion may not encumber the assets and when it elects not to encumber such assets, shall so notify the division or IV-D agency. The amount of assets to be encumbered shall be stated in the notice and shall not exceed the amount of unpaid support due at the time of issuance. [The financial institution shall, within five business days of receipt of such notice, mail a copy of the notice of lien to the noncustodial parent and any other person named on the account at the address shown in the records of the financial institution.] **The financial institution shall, within five business days of receipt of a notice of lien, notify the division or IV-D agency of the financial institution's response to the notice of lien.**

**(2) Within five business days of notification by the financial institution that assets have been encumbered, the division or IV-D agency shall notify by mail the noncustodial parent of the issuance of the lien and the reasons for such issuance. The notice shall advise the noncustodial parent of the procedures to contest such lien pursuant to section 454.475 by requesting a hearing within thirty days from the date the notice was mailed by the division to the noncustodial parent.**

7. (1) Except as provided in subsection 6 of this section, the interest of the noncustodial parent shall be presumed equal to all other joint owners, unless at least one of the joint owners provides the division or IV-D agency with a true copy of a written agreement entered prior to the date of issuance of notice of lien, or other clear and convincing evidence regarding the various ownership interests of the joint owners within twenty days of the financial institution's mailing of the notice of lien. The financial institution shall only encumber the amount presumed to belong to the noncustodial parent. The division or IV-D agency may proceed to issue an order for the amount in the account presumed to belong to the noncustodial parent if no prior written agreement or other evidence is provided.

(2) If a prior written agreement or other clear and convincing evidence is furnished to the division, and based on such agreement or evidence the division or IV-D agency determines that the interest of the noncustodial parent is less than the presumed amount, the division or IV-D agency shall amend the lien to reflect the amount in the account belonging to the noncustodial parent or shall release the lien if the noncustodial parent has no interest in the account. In no event shall the division or IV-D agency obtain more than the presumed amount of the account without a judicial determination that a greater amount of the account belongs to the noncustodial parent. The division or IV-D agency may by levy and execution on a judgment in a court of competent jurisdiction seek to obtain an amount greater than the amount presumed to belong to the noncustodial parent upon proof that the noncustodial parent's interest is greater than the amount presumed pursuant to this subsection.

(3) For purposes of this subsection, accounts are not joint accounts when the noncustodial parent has no legal right to the funds, but is either a contingent owner or agent. Such nonjoint accounts shall include, but are not limited to, a pay-on-death account or any other account in which the noncustodial parent owner may act as agent by a power of attorney or otherwise. Furthermore, when any account naming the noncustodial parent has not been disclosed to the noncustodial parent which is evidenced by a signature card or other deposit agreement not containing the signature of such noncustodial parent, then for the purposes of this subsection, such account shall not be treated as a joint account.

(4) Notwithstanding any other provision of this section, a financial institution shall not encumber any account of less than one hundred dollars.

8. Upon service of an order to surrender issued pursuant to this section, any financial institution in possession of a jointly owned account may interplead such property as otherwise provided by law.

9. Any other joint owner may petition a court of competent jurisdiction for a determination that the interests of the joint owners are disproportionate. The party filing the petition shall have the burden of proof on such a claim. If subject to the jurisdiction of the court, all persons owning affected accounts with a noncustodial parent shall be made parties to any proceeding to determine the respective interests of the joint owners. The court shall enter an appropriate order determining the various interests of each of the joint owners and authorizing payment against the obligor's share for satisfaction of the child support or maintenance obligation.

10. The court may assess costs and reasonable attorney's fees against the noncustodial parent if the court determines that the noncustodial parent has an interest in the affected joint account.

11. The division may order the financial institution to surrender all or part of the encumbered assets. The order shall not issue until sixty days after the notice of lien is sent to the financial institution. The financial institution shall, within seven days of receipt of the order, pay the encumbered amount as directed in the order to surrender. **If the noncustodial parent contests a lien pursuant to subdivision (2) of subsection 6 of this section and a hearing is pending, the bank shall retain the surrendered funds in escrow pending the hearing determination.**

12. A financial institution shall not be liable pursuant to any state or federal law, including 42 U.S.C. section 669A, to any person for:

- (1) Any disclosure of information to the division pursuant to this section;
- (2) Encumbering or surrendering any assets held by the financial institution in response to a lien or order pursuant to this section and notwithstanding any other provisions in this section to the contrary, encumbering or surrendering assets from any account in the financial institution connected in any way to the noncustodial parent; or
- (3) Any other action taken in good faith to comply with the requirements of this section.

13. A financial institution that fails without due cause to comply with a notice of lien or order to surrender issued pursuant to this section shall be liable for the amount of the encumbered assets and the division may bring an action against the financial institution in circuit court for such amount. For purposes of this subsection, "due cause" shall include, but not be limited to, when a financial institution demonstrates to a court of competent jurisdiction that the institution established in good faith a routine to comply with the requirements of this section and that one or more transactions to enforce the lien or order to surrender were not completed due to an accidental error, a misplaced computer entry, or other accidental human or mechanical problems."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Johnson (90), **House Amendment No. 2** was adopted.

On motion of Representative Liese, **HS HCS SB 895, as amended**, was adopted.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-SIXTH DAY, TUESDAY, MAY 7, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

Almighty Goodness, those who know You testify that “The earth is full of the goodness of the Lord.” Assist this House to make that plain. May these women and men uncover and discover integrity and decency in statement and action today.

Unearth astuteness and wisdom in the labors of caucuses, committees, and considerations. Discern agreement even in the wrangling, dispute, and posturing innate to our democratic process. May the final thorny days of this session attest that You are at work in the heart of our world, in the core of our United States, and today, most especially, in the nucleus of this Chamber. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ella Jean Skaggs, A. J. Hagedorn, Nora Borgmeyer, Alyssa Combs, Kevin Hunolt, Brad Bozoarth, Lydia Diedrich, Becca Herman, Michael Knox, Michael Hughes, Anna Killion, Irvin Drake and Chelsea Fayne.

The commission shall increase funding

in each fiscal year to the area covered by the regional transportation development district by at least the percent growth in all funding sources. Any and all federal funds designated by federal law, regulation, or appropriation to the area covered by the regional transportation development district must be passed through to the district in full.

5. The district may by contract with a local transportation authority agree to send the local transportation authority any revenue received by the district. The local transportation authority shall deposit such revenue in a special local trust account. Such revenue and interest therefrom shall be applied by the local transportation authority to project costs.

238.524. 1. Any transportation development district which consists of one or more counties or city not within a county, may by resolution impose a regional transportation development district sales tax on all retail sales made in such regional transportation development district which are subject to taxation pursuant to sections 144.010 to 144.525, RSMo, for any transportation development purpose designated by the regional transportation development district in its ballot of submission to its qualified voters. No resolution enacted pursuant to the authority granted by this section shall be effective unless the board of directors of the regional transportation development district submits to the qualified voters of the regional transportation development district, at a municipal or state general, primary, or special election, a proposal to authorize the board of directors of the transportation development district to impose a sales tax or tolls pursuant to this section.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional transportation development district of ..... (regional transportation development district's name) impose a regional transportation development district-wide sales tax at the rate of (insert amount) for a period of .....(insert number) years from the date on which such tax is first imposed for the purpose funding transportation projects?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the regional transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the regional transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. Within ten days after the adoption of any resolution in favor of the adoption of a regional transportation development district sales tax by the qualified voters of such regional transportation development district, the regional transportation development district shall forward to the director of revenue, by United States registered mail or certified mail, a certified copy of the resolution of its board of directors. The resolution shall reflect the effective date thereof. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of such tax.

4. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together, and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

5. All revenue received by a regional transportation development district from the tax authorized by this section which has been designated for certain transportation purpose, less one percent to pay for the costs of collection deposited by the department of revenue in the state's general revenue fund, shall be deposited by the district in a special local trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to this section or if the tax authorized by this section is repealed pursuant to this section, all funds remaining in the special local trust fund shall continue to be used solely for such designated transportation purposes. Any funds in such special local trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable

laws relating to the investment of other regional transportation development district funds.

6. The sales tax may be imposed at a rate of up to one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the regional transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to sections 144.010 to 144.525, RSMo, except such regional transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats, or outboard motors nor to public utilities. Any regional transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by the resolutions as authorized by this section, plus any amounts imposed pursuant to other provisions of law.

8. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, governing local sales taxes, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed in this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed in this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the regional transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

9. If any regional transportation development district repeals the tax authorized by this section, the regional transportation development district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal and the director of revenue may order retention, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax authorized by this section in such regional transportation development district, the director of revenue shall remit the balance in the account to the regional transportation development district and close the account of that transportation development district. The director of revenue shall notify each regional transportation development district of each instance of any amount refunded or any check redeemed from receipts due the regional transportation development district.

10. (1) No regional transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay

any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects.

(2) Whenever the board of directors of any regional transportation development district in which a regional transportation development sales tax has been imposed pursuant to this section receives a petition, signed by ten percent of the qualified voters of such regional transportation development district calling for an election to repeal such sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects, submit to the voters of such regional transportation development district a proposal to repeal the sales tax imposed pursuant to this section at the next municipal, state general, primary, or special election. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the sales tax, then the resolution imposing the sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the sales tax, then the ordinance or resolution imposing the sales tax, along with any amendments thereto, shall remain in effect.

238.526. 1. If approved by a majority of the qualified voters voting on the question in the district, the district may charge and collect tolls or fees for the use of a transportation project. The board may charge a lower toll rate or fee than that amount approved by the district voters, and may increase that lower toll rate or fee to a level not exceeding the toll or fee rate ceiling without voter approval. Toll rates or fees for the use of the same project may vary at the election of the board, depending upon the type or nature of the user, or the type or nature of the use.

2. The ballot of submission shall be substantially in the following form:

Shall the Regional Transportation Development District be authorized to charge tolls or fees in amounts not to exceed those given below:

**Maximum Toll or Fee Toll or Fee Description**

(Insert amount) (Insert a brief description of the toll or fee, distinguishing it from other tolls or fees to be charged on the same project)

(Insert amount) (Describe the next toll or fee charged)

(Etc.) (Etc.) for the purpose of providing revenue to fund a project (or projects) in the district (insert general description of the project or projects, if necessary)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. To construct a toll facility, a district may relocate an existing state highway or bridge, subject to approval by the commission, or an existing local public bridge, street, or road, subject to approval by the local transportation authority having control and jurisdiction over such street or road. A district shall not incorporate an existing free public bridge, street, road, or highway into a district project that will be subject to tolls.

238.528. A district may:

(1) Contract and incur liabilities appropriate to accomplish its purposes;

(2) Lease or lease-purchase any real or personal property necessary or convenient for its purposes;

(3) Borrow money for its purposes at such rates of interest as the district may determine; and

(4) Issue bonds, notes, and other obligations, and may secure any of such obligations by mortgage, pledge, assignment, or deed of trust of any or all of the property and income of the district, subject to the restrictions provided in sections 238.500 to 238.552. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it obtained by eminent domain. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it acquired from the state of Missouri or any agency or political subdivision thereof without the written consent of the state, agency, or political subdivision from which it obtained the property.

**238.530. 1.** A district may at any time authorize or issue revenue bonds for the purpose of paying all or any part of the cost of any project. Every issue of such bonds shall be payable out of the revenues of the district and may be further secured by other property of the district which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds shall be authorized by resolution of the district, and if issued by the district, shall bear such date or dates, and shall mature at such time or times, but not in excess of twenty-five years, as the resolution shall specify. Such bonds shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places and subject to redemption as such resolution may provide notwithstanding section 108.170, RSMo. The bonds may be sold at either public or private sale, at such interest rates, and at such price or prices as the district shall determine.

**2.** Any issue of district bonds outstanding may be refunded at any time by the district by issuing its refunding bonds in such amount as the district may deem necessary. Such bonds may not exceed the amount sufficient to refund the principal of the bonds so to be refunded together with any unpaid interest thereon and any premiums, commissions, service fees, and other expenses necessary to be paid in connection with the refunding. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds being refunded or by the exchange of the refunding bonds for the bonds being refunded with the consent of the holder or holders of the bonds being refunded. Refunding bonds may be issued regardless of whether the bonds being refunded were issued in connection with the same project or a separate project and regardless of whether the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

**3.** If the proposed project is intended to be merged into the state highways and transportation system for future maintenance under the commission's jurisdiction, the district may contract with the commission to assist it in issuing district revenue bonds and refunding bonds. The district may also contract with the commission to issue commission revenue bonds and refunding bonds and to loan the proceeds thereof to the district. Such bonds shall be authorized by commission minute and shall be issued subject to conditions applicable to bonds issued by the district but as determined by the commission rather than the district.

**4.** Bonds issued pursuant to this section shall exclusively be the responsibility of the district payable solely out of district funds and property provided in sections 238.500 to 238.552 and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Neither the district nor the commission shall be obligated to pay such bonds with any funds other than those specifically pledged to repayment of the bonds. Any bonds issued by a district or the commission shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

**5.** Bonds issued pursuant to this section, the interest thereon, or any proceeds from such bonds shall be exempt from taxation in the state of Missouri for all purposes except the state estate tax.

**238.532.** The district may:

- (1) Purchase land or receive contributions of land and cash for project right-of-way;
- (2) Limit and control access from adjacent property to a district project; and
- (3) Sell and convey excess right-of-way for fair market value to any person or entity.

**238.534. 1.** The district may condemn lands for a project in the name of the state of Missouri as to the necessity for the taking of the description of the parcel and the interest taken in that parcel.

**2.** If condemnation becomes necessary the district shall act pursuant to chapter 523, RSMo, and may condemn a fee simple or other interest in land.

**3.** The district may, after prior notice to the owner to enter upon private property, survey and determine the most advantageous route and design. The district shall be liable for all damages done to the property by such inspection.

**4.** Any person who involuntarily transfers any interest in land to a district which becomes insolvent and comes under the jurisdiction of a court may reacquire that property by paying to the district the total amount of the condemnation award for that parcel, plus statutory interest at the statutory rate from the date of taking on the amount of that award, if the project will not be completed strict, the commission, or a local transportation authority.

**5.** Whenever a district undertakes any project which results in the acquisition of real property or in any

person or persons being displaced from their homes, businesses, or farms, the district shall provide relocation assistance and make relocation payments to such displaced person and do such other acts and follow such procedures as would be necessary to comply with the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

238.536. The district may contract with:

(1) A federal agency, a state or its agencies and political subdivisions, the commission, a local transportation authority, a corporation, partnership, or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity; and

(2) The commission to transfer the project to the commission free of cost or encumbrance on such terms set forth by contract. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts under chapter 536, RSMo;

(3) The local transportation authority to transfer the project to the local transportation authority free of cost or encumbrance on such terms set forth by contract.

238.538. In addition to all other powers granted by sections 238.500 to 238.552, the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(2) To fix compensation of its employees and contractors. All contracts in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

(3) To purchase any personal property necessary or convenient for its activities. All outright purchases of personal property in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

(4) To collect and disburse funds for its activities; and

(5) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

238.540. 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers, and its employees from any potential liability, and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project to obtain liability insurance having the district, its directors, and its employees as additional named insureds.

3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

238.542. The district may contract with the commission and local transportation authorities to obtain assistance in project funding, promotion, planning, design, right-of-way acquisition, relocation assistance services, construction, preservation, maintenance, and operation. The commission or any local transportation authority may charge the district a reasonable fee, not exceeding the actual cost of providing the service. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts pursuant to chapter 536, RSMo. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

238.544. The state of Missouri, upon approval by an appropriate act of the general assembly, the commission, or a local transportation authority holding title to real estate, may give, grant, and convey to or for the use of a district such right-of-way or other easement in such real estate as may be necessary for the development of a project.

238.546. 1. For the purpose of law enforcement, all district projects to be transferred to the commission shall be treated as commission highways under chapter 43, RSMo, and all projects to be transferred to a local transportation authority shall be treated as streets or roads of that entity.

2. All laws of this state relating to maintaining, signing, damaging, and obstructing roads shall apply to district projects. The duties and powers imposed by such laws on certain officials shall devolve upon the district's engineer or other employee designated by the board. Nothing in this subsection shall be deemed to

interfere with, restrict, or limit the authority of the commission to govern and control highway marking, signalization, and signing to the extent the commission is authorized by law.

3. For outdoor advertising and junkyard control purposes, a district project may be designated by the commission as a part of the state primary highway system and by a local transportation authority as a part of its street or road system.

238.548. Unless otherwise approved by contract of the district, project improvements shall not be under the control and jurisdiction of a local transportation authority while the district retains control and jurisdiction over the project. The provisions of chapter 228, RSMo, are inapplicable to transportation development districts.

238.550. The state auditor shall audit each district not less than once every three years, and may audit more frequently if the state auditor deems appropriate. The state auditor shall also audit each district before it is abolished. The costs of these audits shall be paid by the district.

238.552. 1. At such time as a district has completed its projects and has transferred ownership of the projects to the commission or other local transportation authority for maintenance, or at such time as the board determines that it is unable to complete its projects due to lack of funding or for any other reason, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

Shall the ..... Regional Transportation Development District be abolished?

2. The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Before submitting the question to abolish the district to a vote, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law.

3. While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

4. Upon receipt of certification by the appropriate election authorities that the majority of those voting within the district have voted to abolish the district, and if the state auditor has determined that the district's financial condition is such that it may be abolished pursuant to law, then the board shall:

(1) Sell any remaining district real or personal property, and then transfer the proceeds and any other real or personal property owned by the district, including revenues due and owing the district, to the commission or any appropriate local transportation authority assuming maintenance and control of the project, for its further use and disposition;

(2) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

(3) At a public meeting of the district, declare by a majority vote that the district has been abolished effective that date; and

(4) Cause copies of that resolution under seal to be filed with the secretary of state, the director of revenue, the commission, and with each local transportation authority affected by the district. Upon the completion of the final act specified in this subsection, the legal existence of the district shall cease."; and

Further amend said bill, Page 78, Section C, Line 8 of said page, by inserting after all of said line the following:

"Section D. Sections 238.500, 238.502, 238.504, 238.506, 238.508, 238.510, 238.512, 238.514, 238.516, 238.518, 238.520, 238.522, 238.524, 238.526, 238.528, 238.530, 238.532, 238.534, 238.536, 238.538, 238.540, 238.542, 238.544, 238.546, 238.548, 238.550, and 238.552 of section A of this act shall become effective January 1, 2003."; and

Further amend said title, enacting clause and intersectional references accordingly.

Representative Shoemyer (9) assumed the Chair.

Speaker Kreider resumed the Chair.

Representative Green (73) moved that **House Amendment No. 4** be adopted.

### **HOUSE CONCURRENT RESOLUTION NO. 30**

Whereas, universal design is the design of products and environments to be usable by all persons, to the greatest extent possible, without the need for adaption or specialized design; and

Whereas, the intent of universal design is to simplify life for everyone by making products, communications, and homes more usable by as many persons as possible at little or no extra cost; and

Whereas, the average lifespan has increased to age 76, with nearly 80 percent of the population living past the age of 65. Projections based on the United States Census Bureau estimates indicate that the number of persons ages 65 and over will grow to almost 40 million by the year 2010 and by the year 2020 the number of persons over the age of 85 will be between 7 and 8 million; and

Whereas, more people are living with disability, with an estimated 8.6 million persons having difficulty with one or more activities of daily living and 4.1 million persons needing personal assistance of some kind; and

Whereas, universal design strives to integrate persons with disabilities into the mainstream and recognizes the significant limitations imposed by products and environments designed and built without regard to the needs and rights of all citizens of this nation and state; and

Whereas, with the potential consumers utilizing universal design homes who may be functionally limited by age or disability increasing at a dramatic rate, these populations are no longer an insignificant or silent minority; and

Whereas, the current generation of children, baby boomers entering middle age, older adults, persons with disabilities, and individuals inconvenienced by circumstance constitute a market majority, and these constituencies and all consumers deserve to be recognized and respected; and

Whereas, the use of no-step entries, and wider entryways, hallways, interior doorways, and bathroom and kitchen spaces will benefit all consumers as well as those persons with disabilities; and

Whereas, the State of Missouri should endorse the concept of universal design in new home construction and encourage builders to utilize universal design features that make homes safer, more convenient, and comfortable for all persons regardless of age, size, or ability:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, hereby endorse the concept of universal design in the construction of new homes, products, and environments, and encourage builders to utilize universal design features in the construction of new homes.

**Mr. Speaker: Your Committee on Critical Issues, Consumer Protection and Housing, to which was referred **HCR 35**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.**

HOUSE COMMITTEE SUBSTITUTE  
FOR  
HOUSE CONCURRENT RESOLUTION NO. 35

Whereas, the adult pregnancy rate associated with rape is estimated to be 4.7 percent, with more than 32,000 American women becoming pregnant as a result of rape each year; and

Whereas, 1,351 rapes were reported in the State of Missouri in 2000 and it is estimated that up to 84 percent of rapes are not reported, making the actual number of rapes in Missouri closer to 8,444; and

Whereas, a component of domestic violence is forced unwanted sexual activities, thereby denying women the opportunity to use contraception; and

Whereas, surveys of battered women revealed that 37 to 45 percent of those women reported being raped by their partners; and

Whereas, standards of emergency care established by the American Medical Association (AMA) require that rape survivors be counseled about their risk of pregnancy and given emergency contraception; and

Whereas, many sexual assault survivors are denied the option of deciding whether to risk becoming pregnant as a result of the rape because hospitals fail to counsel about or offer emergency contraception to them, even when they arrive within the 72-hour window of opportunity; and

Whereas, according to a national survey of women, 78 percent believe that hospitals should be required to offer emergency contraception to rape survivors; and

Whereas, a 2001 study of hospital emergency rooms in Missouri reveals that 39 percent do not offer emergency contraception to rape survivors and less than one quarter (24 percent) provide referrals for emergency contraception; and

Whereas, emergency contraception is a safe and 75 percent effective method for women to use to prevent pregnancy up to 72 hours after unprotected intercourse or contraceptive failure, and is 95 percent effective if used within 24 hours; and

Whereas, emergency contraception pills, like other hormonal forms of contraception, prevent pregnancy by delaying ovulation by preventing fertilization or by preventing implantation, and do not affect established pregnancies; and

Whereas, surveys have shown that 41 percent of the general public is unaware of emergency contraception, 72 percent of those who have heard of it do not realize that it is available in the United States, and only 11 percent understand the need for treatment to be initiated within 72 hours of sexual activity; and

Whereas, nearly half of women age 18 to 44, once informed about emergency contraception, said they would be likely to use it; and

Whereas, while virtually all obstetricians and gynecologists consider oral contraceptives to be safe and effective for use after unprotected sex to prevent pregnancy, only 24 percent discuss the option as part of routine contraceptive counseling, and many raise the issue only when confronted with a patient's emergency situation; and

Whereas, a 1999 American Medical Association study expressed concerns with the large number of women having limited access to health care services, being uninsured, or having no relationship with a physician, making the process of obtaining an emergency contraception prescription extremely difficult; and

Whereas, many pharmacists remain unaware of the pertinent facts regarding emergency contraception, undermining their ability to effectively counsel women on this option; and

Whereas, a 2001 study of pharmacies in Missouri reveals that fewer than one-half (48 percent) of Missouri pharmacies surveyed would fill prescriptions for emergency contraception and only 35 percent provide referrals; and

Whereas, experts estimate that widespread use of emergency contraception as back-up for birth control could reduce unintended pregnancies and abortions by one-half; and

Whereas, in February 1997, the United States Food and Drug Administration declared that certain brands of oral contraceptives were safe and effective for use as emergency contraceptive pills; and

Whereas, the American College of Obstetricians and Gynecologists, the American Medical Association, and the World Health Organization all state that there are no contraindications to emergency contraceptive pills:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, hereby encourage the Division of Maternal, Child and Family Health within the Department of Health and Senior Services to initiate activities to raise awareness of emergency contraception among health care providers, pharmacists, hospitals, and the community at large. Information on emergency contraception should include its availability, its use and safety, appropriate counseling about and referrals for, and its effectiveness in preventing pregnancies if taken as soon as possible within the first 72 hours; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Director of the Department of Health and Senior Services and the Director of the Division of Maternal, Child and Family Health.

Mr. Speaker: Your Committee on Critical Issues, Consumer Protection and Housing, to which was referred **SCS SBs 1061 & 1062**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.

**Committee on Education-Elementary and Secondary**, Chairman Franklin reporting:

Mr. Speaker: Your Committee on Education-Elementary and Secondary, to which was referred **HCR 40**, begs leave to report it has examined the same and recommends that it **Do Pass**.

#### HOUSE CONCURRENT RESOLUTION NO. 40

Whereas, current studies indicate that children left at home alone and unsupervised have lower academic test scores, have higher absentee rates at school, exhibit higher levels of fear, stress, nightmares, loneliness, and boredom, are 1.7 times more likely to use alcohol, and are 1.6 times more likely to smoke cigarettes; and

Whereas, recent data shows that violent juvenile crime rates soar and children are most likely to be victims of a violent crime committed by a nonfamily member between the hours of 3 p.m. and 8 p.m., the hours immediately after school; and

Whereas, according to the National Center for Juvenile Justice, children are at greater risk of being involved in crime, substance abuse, and teenage pregnancy in the hours after school, especially between the hours of 3 p.m. and 4 p.m.; and

Whereas, the most common activity for children after school is watching television, resulting in an average 23 hours of television watching per week; and

Whereas, the parents of more than 800,000 Missouri school-age children work outside the home; and

Whereas, according to the estimates of the Urban Institute of the United States Census Bureau, at least 7 million and as many as 15 million "latchkey children" return to an empty house on any given afternoon; and

Whereas, in the United States, families worry about their children being unsafe and having too much idle, unsupervised time; and

Whereas, the United States Departments of Education and Justice report that children in quality after-school programs have better academic performance, school attendance, behavior, and greater expectations for the future; and

Whereas, children who attend high quality after-school programs have better peer relations, emotional adjustment, conflict resolution skills, grades, and conduct in school compared to their peers who are not in after-school programs; and

Whereas, children who attend after-school programs spend more time in learning opportunities, academic activities, and enrichment activities, and spend less time watching television than their peers; and

Whereas, children who attend after-school programs miss fewer days of school, have better homework completion, better school behavior, and higher test scores; and

Whereas, the United States Congress has recognized the beneficial impact of after-school programs to our youth, and has increased the funding of after-school programs administered by the Missouri Department of Elementary and Secondary Education; and

Whereas, 92% of all Americans believe there should be organized activities for all youth during after-school hours; and

Whereas, it is estimated that less than 25% of all school-age children attend any after-school program, leaving 75% of our youth without a safe, supportive, and enriching environment during the unsupervised hours after the formal school day ends:

Now, therefore, be it resolved by the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, that a Joint Interim Committee on After-school Programs be created, to be comprised of three members of the House of Representatives, appointed by the Speaker of the House of Representatives and the House Minority Floor Leader, and three members of the Senate, appointed by the President Pro Tem of the Senate and the Senate Minority Floor Leader, and

Be it further resolved that the committee make a comprehensive analysis of the quantity and quality of Missouri after-school programs, including the solicitation of information from appropriate state agencies, public schools, youth development organizations, law enforcement agencies and juvenile officers, youth development and education experts, and the public (including youth) regarding the status of after-school programs; and

Be it further resolved that the committee, in consultation with the Departments of Elementary and Secondary Education and Social Services, make recommendations for an efficient and effective development plan to provide the opportunity for every Missouri school-age child to access quality after-school programs and design a system to train, mentor, and support after-school programs, and thereby guarantee their sustainability; and

Be it further resolved that the committee be authorized to hold hearings as it deems advisable, and that the staffs of House Research, Senate Research, and the Committee on Legislative Research provide such legal, research, clerical, technical, and bill drafting services requested by the committee; and

Be it further resolved that the General Assembly endorses all of state government to enthusiastically encourage our citizens to engage in innovative after-school programs and activities that ensure that all Missouri school-age children are not only safe, but also productive when the school day ends; and

Be it further resolved that the committee report its recommendations and findings to the General Assembly by January 1, 2003, and the authority of such committee shall terminate on December 31, 2002, unless reauthorized.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-SEVENTH DAY, WEDNESDAY, MAY 8, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God, history and our own experience has shown us that You are active in our lives. Give to us the faith to believe that when You wish us to do or not do a particular thing, that You find ways of letting us know it. May we not let our thoughts crowd out Your guidance.

Bless the men and women of this House, their families and those who work with them. Keep them open this day to Your will as they serve Missouri. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Trevor Evans, Jessica Evans, Pauly Silliman, Michael Riddering, Emily Buck, Ashleigh Redman, Lauren Paige Franklin, Sarah Nicole Franklin, Sophia Lewis, Ryan Drinkert, Brittany Sims, Ajmal Khalid, Doug Manking, John Michael, Carolina Ospina and Krissi Hesse.

"302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial driver's license with applicable endorsements valid for the type of vehicle being operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. A commercial driver's instruction permit shall be valid for the vehicle being operated for a period of not more than six months, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period. The fee for such permit or renewal shall be five dollars. In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the secretary.

(1) The written and driving tests shall be held at such times and in such places as the [director] **superintendent** may designate. A [five-dollar] **twenty-five dollar** examination fee shall be paid by the applicant upon completion of any written or driving test. The director shall delegate the power to conduct the examinations required under sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR Part 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department

shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536, RSMo. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(3) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the secretary and if such person transports a hazardous material, such person shall be required to take the written test for such endorsement. A [five-dollar] **twenty-five dollar** examination fee shall be paid [for each test taken] **upon completion of such tests.**

3. [The director may waive the driving test for a commercial driver's license if such applicant provides the certifications required by regulations established by the secretary as a substitute for the driving test and holds a valid license.

4. The certifications may include, but not be limited to, stating that during the two-year period immediately prior to applying for a commercial driver's license the applicant:

- (1) Has not had more than one license;
- (2) Has not had any license suspended, revoked, canceled or disqualified;
- (3) Has not had a conviction in any type of motor vehicle for driving while intoxicated, driving while under the influence of alcohol or controlled substance, leaving the scene of an accident or felony involving the use of a commercial motor vehicle;
- (4) Has not violated any state law or county or municipal ordinance relating to the operation of a motor vehicle in connection with an accident; and
- (5) Has no record of an accident in which such applicant was at fault.

5. In order to be valid as a certification exempting the applicant from the driving test, the applicant shall also provide evidence and certify that:

- (1) He is regularly employed in a job requiring him to drive a commercial motor vehicle; and
- (2) He has previously taken and passed a driving test given by a state with a classified licensing and testing system, and that the test was behind the wheel in a representative vehicle for that applicant's license classification; or
- (3) He has operated, for at least two years immediately preceding application for a commercial driver's license, a vehicle representative of the commercial motor vehicle the applicant drives or expects to drive.

6.] A commercial driver's license may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or canceled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.

**302.721. 1. There is hereby created in the state treasury the "Commercial Driver License Examination Fund". The fund shall be administered by the department of revenue. Such moneys collected pursuant to subdivisions (1) and (3) of subsection 2 of section 302.720, shall be appropriated to the commercial driver license examination fund after the deposit and distribution pursuant to subsection 2 of section 30(b) of article IV of the Missouri Constitution. Such moneys shall not be counted towards the spending limitations imposed pursuant to subsection 3 of section 226.200, RSMo. Any unexpended balance in the fund at the end of the fiscal year shall be exempt from the provisions of section 33.080, RSMo, relating to the transfer of unexpended balances to the general revenue fund.**

**2. There shall be created a "Third-Party Commercial Driver License Examination Program" within the department of revenue. The purpose of this program is to certify third-party commercial driver license examination programs and administer compliance requirements of third-party commercial driver license examination programs in the state of Missouri.**

**3. The director of revenue may annually expend revenues from the commercial driver license fund for administrative costs associated with initial certification and subsequent renewal certification requirements associated with third-party commercial driver license examination programs and determining compliance of all regulations which are required to be adhered to by third-party commercial driver license examination programs in the state of Missouri. Such annual expenditures shall also include any expenses incurred by the superintendent of the highway patrol for functions related to the testing, auditing, retesting, and compliance of commercial driver license third-party examination programs, and the administration of the state CDL testing**

program.

(1) The director of revenue shall promulgate rules and regulations necessary to administer the certification and compliance programs established pursuant to this section. Any rule promulgated regarding commercial driver license third-party examination certification or compliance shall be promulgated in coordination with the superintendent of the highway patrol.

(2) Any rule promulgated by the director of revenue and the superintendent of the highway patrol regarding compliance requirements for third-party commercial driver license examination programs shall require the superintendent to reexamine a minimum of ten percent of those drivers who have passed the CDL skills examination administered by a certified third-party commercial driver license examination program in the state of Missouri.

4. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo."; and

67.1808. The regional taxicab commission is empowered to:

(1) Develop and implement plans, policies, and programs to improve the quality of taxicab service and encourage minority participation within the district;

(2) Cooperate and collaborate with the hotel and restaurant industry to:

(4) Make decisions by affirmative vote of the majority of the commission; provided that each of the commissioners, including the chairperson, shall be entitled to one vote on each matter presented for vote and provided further that at least two city appointees and two county appointees, excluding the chairperson, must be included in each majority vote of the commission.

2. The commission shall not exceed or expend moneys in excess of any fees collected and any moneys provided to the commission pursuant to section 67.1820.

67.1812. Following the appointment of the commissioners, the regional taxicab commission shall meet for the purpose of establishing and adopting a district-wide taxicab code. In promulgating the taxicab code, the commission shall seek, to the extent reasonably practical, to preserve within the code provisions similar to those contained in chapter 8.98 of the city's municipal ordinance and chapter 806 of the county ordinances, both relating to taxicab issues such as licensing, regulation, inspection, and enforcement while avoiding unnecessary overlaps or inconsistencies between the ordinances. The commission shall present a draft of its district-wide taxicab code at public hearings, one of which will be held in the city and another in the county, following prior public notice of same. Notice of the public hearing shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to each hearing in a newspaper of general circulation in the city and county. The commission shall adopt its taxicab code no later than one hundred eighty days after the appointment of the initial commission members. The commission shall have the power to amend the taxicab code from time to time following the initial adoption without the requirement of public notice or hearings.

67.1814. The commission shall further seek the input of the city, county, and airport authority generally regarding the taxicab code and, in particularly with reference to airport taxicabs, shall seek to ensure:

(1) Continuous, smooth airport service during any transition period from the current city and county operation to the new regional taxicab commission;

(2) The need of the airport authority to provide services at the airport's passenger terminals; and

(3) Airport authority involvement as to the servicing of the airport by airport taxicabs.

The commission shall not regulate the airport or airport taxicabs as to cab parking, circulation, cab stands, or passenger loading at the airport, or the payment by airport taxicabs for use of the airport or its facilities.

67.1816. The city and county's ordinances relating to taxicabs shall remain in full force and effect and be enforced as such by the city and county until one hundred twenty days after the regional taxicab commission adopts its taxicab code, at which time such city and county ordinances shall be deemed to be rescinded as well as ordinances adopted by municipalities within the county. Upon the effective date of the taxicab code:

(1) All licensing, regulations, inspections, inspections of taxicabs, and enforcement of the taxicab code shall rest exclusively with the regional taxicab commission;

(2) All taxicabs subject to the taxicab code shall be required to comply fully with the taxicab code, notwithstanding any previously issued licenses or certificates of convenience;

(3) All permits valid and effective as of August 28, 2002, shall remain valid and effective until the date of expiration or renewal of such permit; and

(4) All available taxicab licensing, inspection, and related fees previously collected and remaining unspent by other jurisdictions shall be immediately paid over the regional taxicab commission for its future use in administering the taxicab code.

The provisions of this section notwithstanding, existing municipal regulations relating to taxicab curb locations and curb fees as well as local business licenses which do not seek to regulate taxicab use shall not be preempted by the taxicab code except by agreement between the commission and applicable municipality.

67.1818. The commission shall establish as part of the taxicab code its own internal, administrative procedure for decisions involving the granting, denying, suspending, or revoking of licenses. The commission shall study and take into account rate and fee structures as well as the number of existing taxicab licenses within the district in considering new applications for such licenses. The internal procedures set forth in the taxicab code shall allow appeals from license-related decisions to be conducted by independent hearing officers.

67.1820. The regional taxicab commission shall initially establish, subject to public hearings thereon, an annual fee-generated budget required for the effective implementation and enforcement of the taxicab code, taking into account staffing requirements and related expenses as well as all revenue sources, including collection of fees previously paid to and unspent by other enforcing jurisdictions and future fees projected to be collected by the commission. Recognizing the elimination of duties and costs associated with the regulatory and enforcement functions of taxicab administration previously borne by the city and county and being assumed by the commission, the city and county shall have the authority to appropriate additional budgetary funding for the commission's needs.

67.1822. 1. Before the second Monday in April of each year, the regional taxicab commission shall make an annual report to the chief executive officers and to the governing bodies of the city and county stating the conditions of the commission as of the first day of January of that year, and the sums of money received and distributed by it during the preceding calendar year.

2. Before the close of the regional taxicab commission's first fiscal year and at the close of each fiscal year thereafter, the chief executives of the city and the county shall appoint one or more certified public accountants who shall annually examine the books, papers, documents, accounts, and vouchers of the commission, and who shall report thereon to the chief executives of the city and the county and to the regional taxicab commission. The commission shall produce and submit for examination all books, papers, documents, accounts, and vouchers, and shall in every way assist such certified public accountants in the performance of their duties pursuant to this section."; and

Further amend said title, enacting clause and intersectional references accordingly.

"[304.157. 1. If a person abandons property, as defined in section 304.001, on any real property owned by another without the consent of the owner or person in possession of the property, at the request of the person in possession of the real property, any member of the state highway patrol, state water patrol, sheriff, or other law enforcement officer within his jurisdiction may authorize a towing company to remove such abandoned property from the property in the following circumstances:

(1) The abandoned property is left unattended for more than forty-eight hours; or  
 (2) In the judgment of a law enforcement officer, the abandoned property constitutes a safety hazard or unreasonably interferes with the use of the real property by the person in possession.

2. The owner of real property or lessee or property or security manager in lawful possession of the real property may authorize a towing company to remove abandoned property or property parked in a restricted or assigned area without authorization by a law enforcement officer only when the owner, lessee or property or security manager of the real property is present. A property or security manager must be a full-time employee of a business entity. An authorization to tow under this subsection may be made only under any of the following circumstances:

(1) There is displayed, in plain view at all entrances to the property, a sign not less than seventeen by twenty-two inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that unauthorized abandoned property or property improperly parked in a restricted or assigned area will be removed at the owner's expense, disclosing the maximum fee for all charges related to towing and storage, and containing the telephone number of the local traffic law enforcement agency where information can be obtained; or a twenty-four-hour staffed emergency information telephone number, other than the number of a towing company, by which the owner of the abandoned property or improperly parked property may call to receive information regarding the location of such owner's property; or

(2) The abandoned property is on private property and lacks an engine, transmission, wheels, tires, doors, windshield or any other major part or equipment necessary to operate safely on the highways, the owner or lessee of the private property has notified the city police or county sheriff, as appropriate, and ninety-six hours have elapsed since that notification; or

(3) The abandoned property is left unattended on private property, and the owner, lessee or agent of the real property in lawful possession of real property has notified the appropriate law enforcement agency, and ten days have elapsed since that notification.

3. Pursuant to this section, any owner or lessee in lawful possession of real property that requests a towing company to tow abandoned property without authorization from a law enforcement officer shall within one hour of the tow file an abandoned property report with the appropriate law enforcement agency where the property is located. The report shall contain the following:

(1) The year, model, make and abandoned property identification number of the property and the owner and any lienholders, if known;  
 (2) A description of any damage to the abandoned property noted by owner, lessee or property or security manager in possession of the real property;

The form shall contain lines for time, date, location, descriptive information of the vehicle, reason for towing, the tow operator and company and signature of authorizing officer. The cost of the forms shall be determined by the department of revenue. The completed form shall be issued by the authorizing officer to the tow operator for that company's records as proof of authorization to tow a particular vehicle.

4. The law enforcement agency receiving such abandoned property report must record the date the abandoned property report is filed with such agency and within five days of such filing make an inquiry into the national crime information center and any statewide Missouri law enforcement computer system to determine if the abandoned property has been reported as stolen. The law enforcement agency shall enter the information pertaining to the towed property

into the statewide enforcement computer system. The department of revenue may design and sell to towing companies informational brochures outlining owner or lessee of real property obligations pursuant to this section.

5. Neither the law enforcement officer nor anyone having custody of abandoned property under his direction shall be liable for any damage to such abandoned property occasioned by a removal authorized by this section other than damages occasioned by negligence or by willful or wanton acts or omissions.

6. Any towing company which tows abandoned property without authorization from a law enforcement officer pursuant to subdivision (1) of subsection 2 of this section shall within one hour of the tow report the event and the circumstances to the local law enforcement agency where the abandoned property report was filed.

7. The law enforcement agency receiving notification that abandoned property has been towed by a towing company shall record the date the property was towed and shall forward a copy of the abandoned property report to the director of revenue.

A property or security manager must be a full-time employee of a business entity. An authorization to tow pursuant to this subsection may be made only under any of the following circumstances:

(1) There is displayed, in plain view at all entrances to the property, a sign not less than seventeen by twenty-two inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that unauthorized abandoned property or property parked in a restricted or assigned area will be removed at the owner's expense, disclosing the maximum fee for all charges related to towing and storage, and containing the telephone number of the local traffic law enforcement agency where information can be obtained or a twenty-four-hour staffed emergency information telephone number by which the owner of the abandoned property or property parked in a restricted or assigned area may call to receive information regarding the location of such owner's property;

(2) The abandoned property is left unattended on [owner-occupied] residential property with **two to** four residential units [or less], and the owner, lessee or agent of the real property in lawful possession has notified the appropriate law enforcement agency, and ten hours have elapsed since that notification; or

(3) The abandoned property is left unattended on private property, and the owner, lessee or agent of the real property in lawful possession of real property has notified the appropriate law enforcement agency, and ninety-six hours have elapsed since that notification[.]; **or**

5. Pursuant to this section, any owner, **agent of the owner of real property**, or lessee in lawful possession of real property that requests a towing company to tow abandoned property without authorization from a law enforcement officer shall at that time complete an abandoned property report which shall be considered a legal declaration subject

to criminal penalty pursuant to section 575.060, RSMo. The report shall be in the form designed, printed and distributed by the director of revenue **to all law enforcement agencies and towing companies** and shall contain the following:

(7) The towing company's name and address;

(8) The signature of the towing operator;

(9) The signature of the owner, lessee or property or security manager attesting to the facts that the property has been abandoned for the time required by this section **if any** and that all statements on the report are true and correct to the best of the person's knowledge and belief and that the person is subject to the penalties for making false statements;

(10) Space for the name of the law enforcement agency notified of the towing of the abandoned property and for the signature of the law enforcement official receiving the report; and

(11) Any additional information the director of revenue deems appropriate.

6. Any towing company which tows abandoned property without authorization from a law enforcement officer pursuant to subsection 4 of this section shall **provide an abandoned property report for the owner, agent of the owner of real property, or lessee in lawful possession of real property to fill out and after it is filled out shall** deliver a copy of the abandoned property report to the local law enforcement agency having jurisdiction over the location from which the abandoned property was towed. The copy may be produced and sent by facsimile machine or other device which produces a near exact likeness of the print and signatures required, but only if the law enforcement agency receiving the report has the technological capability of receiving such copy and has registered the towing company for such purpose. The registration requirements shall not apply to law enforcement agencies located in counties of the third or fourth classification. The report shall be delivered within two hours if the tow was made from a signed location pursuant to subdivision (1) of subsection 4 of this section, otherwise the report shall be delivered within twenty-four hours.

8. The law enforcement agency receiving notification that abandoned property has been towed by a towing company shall search the records of the department of revenue and provide the towing company with the latest owner and lienholder information on the abandoned property. If the abandoned property is not claimed within ten working days, the towing company shall send a copy of the abandoned property report signed by a law enforcement officer to the department of revenue.

On motion of Representative Dempsey, **House Amendment No. 21** was adopted.

Representative Merideth offered **House Amendment No. 22.**

*House Amendment No. 22*

AMEND House Substitute for House Committee Substitute for Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 970, 968, 921, 867, 868 & 738, Page 74, Section 305.230, Line 8, by inserting after said line the following:

**"305.700. 1. Sections 305.700 to 305.714 may be cited as the "Missouri Airport Protection Act".**

**2. As used in sections 305.700 to 305.714, the following terms mean:**

**(1) "Airport", an area of land or water that is used or intended to be used for the landing and takeoff of aircraft, including buildings, equipment, rights-of-way, property and appurtenant areas, that is open to the public;**

**(2) "Aviation hazard", any structure, object, or natural growth, or use of land which obstructs the air space required for the flight of aircraft landing or taking off at any airport or is otherwise hazardous to such landing or taking off;**

**(3) "Commission", the Missouri highways and transportation commission;**

**(4) "FAA", the Federal Aviation Administration or its successor agency;**

**(5) "Obstruction", any structure natural or man made, penetrating the navigable airspace as defined in the standards for determining obstructions and navigable airspace in section 305.704;**

**(6) "Permit", an airport structure permit issued by the commission pursuant to sections 305.700 to 305.714;**

**(7) "Person", an individual, firm, partnership, corporation, association or political subdivision. Person includes a trustee, receiver, assignee or other similar representative of a person;**

**(8) "Public airport", an airport open to the public and eligible for public funding;**

**(9) "Structure", an object constructed or installed including, but not limited to, a building, tower, antenna, smokestack or overhead transmission line.**

**305.702. 1. The general assembly finds an aviation hazard endangers the lives and property of users of an airport and of occupants of land in its vicinity, and in effect reduces the size of the area available for landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of an airport and the public investment therein. Certain structures are hazardous to aircraft in flight because of their height or location, especially during periods of reduced visibility and darkness. Structures determined to be hazards are not in the interest of public health, public safety or the general welfare of the people of Missouri.**

2. The commission shall establish an airspace review and permit process to regulate structures that may be erected in proximity to public airports of the state and to ensure that they do not interfere with air navigation.

305.704. 1. A permit shall be required before erecting, adding to or replacing any structure:

(1) Within twelve thousand feet of the midpoint of the primary runway and one hundred feet or higher above the elevation of the public airport;

(2) Between twelve thousand one feet and seventeen thousand feet of the midpoint of the primary runway and one hundred fifty feet or higher above the elevation of the public airport.

2. The permit application shall include as a minimum the location of the airport, including latitude and longitude, ground elevation and maximum height of the proposed structure and the distance to, direction from, and elevation of the nearest airport runway. The application will also include a 7.5 minute quadrangle topographical map showing the location of the proposed structure and copies of any application for or determinations from a FAA Form 7460-1, or other applicable federal airspace review form, if required.

3. The application shall be presented by mail or in person to the aviation section of the commission at least thirty days prior to the date of the proposed construction. It is not necessary that ownership of, option for or other possessor right to a specific location site be held by the applicant before the application for a permit is filed with the commission. The commission shall act upon such applications within a reasonable time.

4. No application for a permit shall be required for the emergency repair or replacement of public utility, rural electric cooperative or federally licensed radio or television structures, other than buildings, to ensure continuity of proper customer service, when the height of such structures is not increased by such emergency repair or replacement.

5. Nothing in sections 305.700 to 305.714 shall be construed as prohibiting the construction or maintenance of any structure or growth up to one hundred feet in height above the surface of the land.

6. This section shall not apply to, nor is an application for a permit required, when local aviation hazard zoning or regulation is equal to or more restrictive than this section. If such zoning or regulation is more restrictive, local zoning or regulation supersedes sections 305.700 to 305.714. Nothing contained in this section shall prevent any political subdivision from adopting more restrictive requirements for structures within its jurisdiction.

305.706. 1. The commission shall investigate all permit applications that meet the criteria contained in section 305.704 and as necessary to process the application properly pursuant to sections 305.700 to 305.714. The investigation shall consider the safety and welfare of persons and property in the air and on the ground.

2. The commission may approve an application for a temporary structure that will be in existence for such a short duration that it will no longer occupy the same airspace at the time a formal application can be considered by the commission. Such approval may be granted only if it is evident that the proposed temporary structure will not adversely affect the safety of air navigation.

3. In cases where the FAA has determined that an aeronautical study is needed, the commission will withhold permit approval until the FAA has completed its study. Sufficient grounds for denial of a permit include objection or determination of a hazard by the FAA, violation of a federal aviation regulation, raising of established approach or vectoring minimums. Considering all information supplied by the applicant and other pertinent information available, the commission shall make a determination to approve or deny the permit within a reasonable time.

305.708. If the application is approved by the commission, a permit shall be issued to the applicant. The notification may be sent by first class mail to the applicant at the address specified in the application. The determination is final thirty days after notification of the determination is served, unless the applicant, within the thirty-day period, appeals the determination in writing to the commission and requests a hearing. Such hearing shall be conducted pursuant to section 305.712.

305.710. 1. A permit shall specify any obstruction markings, lighting or other visual or aural identification required to be installed on or in the vicinity of the structure, if any. The findings of the review board on any appeal of an application shall be considered to be the final administrative action.

**2.** Within thirty days after the issuance of an order by the commission, a person aggrieved by the order may appeal to the review board in subsection 1 of this section, or have the action of the commission reviewed by the circuit court in the manner provided for the review of orders of other administrative bodies of this state. **2.** The commission shall determine whether violations of sections 305.700 to 305.714, or any rules promulgated pursuant to sections 305.700 to 305.714 have occurred or are threatened. A notification of a violation or threat of violation shall be sent by certified mail, to the person who owns or controls the structure or land in violation thereof. The notice shall state the location, type of structure and the reasons the structure is or would be in violation of such sections or such regulations. The person shall be requested to correct the violation within thirty days of the notice or show cause to the commission why compliance should not be enforced.

**3.** The person to whom the notice is directed pursuant to this section may show cause why enforcement should be withheld by filing a written request for a hearing. Such hearing shall be conducted pursuant to section 305.712. Such request shall state, if applicable, facts sufficient to show:

(1) The structure is not an obstruction as defined by section 305.700 to 305.714 or any rules promulgated pursuant to sections 305.700 to 305.714;

(2) The structure is in the airspace of the airport, but it is not an obstruction to the safety of air navigation; and

(3) Any other facts the petitioner deems relevant that would relieve him or her from the terms of the order, including a request for an extension of time to remove the structure.

**4.** The commission may order action be instituted in the appropriate court of jurisdiction for the enforcement of applicable statutes, rules, regulations, and orders issued pursuant to sections 305.700 to 305.714 and shall investigate violations or threats of violation of sections 305.700 to 305.714 or rules promulgated pursuant to sections 305.700 to 305.714. Any person seeking judicial review of any such statute or rule shall be deemed to have exhausted all administrative review procedures.

**5.** In addition to any other remedy, the commission may institute in a court of competent jurisdiction an action to enjoin, restrain, correct or abate a violation of sections 305.700 to 305.714 or rules promulgated pursuant to sections 305.700 to 305.714.

**6.** Sections 305.700 to 305.714, or any rule promulgated pursuant to sections 305.700 to 305.714, shall not be construed to require the removal, lowering or other change or alteration of any structure not conforming to sections 305.700 to 305.714, or any rule promulgated pursuant to such sections, prior to August 28, 2001, or as otherwise interfere with the continuance of any nonconforming use. Sections 305.700 to 305.714, or any rule promulgated pursuant to such sections, shall not require any change in the construction, alteration or intended use of any structure, provided that such construction or alteration was begun prior to August 28, 2001, and is diligently prosecuted after August 28, 2001.

**7.** No rule or portion of a rule promulgated pursuant to sections 305.700 to 305.714 shall take effect unless such rule has been promulgated pursuant to chapter 536, RSMo.

AMEND House Substitute for House Committee Substitute for Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 970, 968, 921, 867, 868 & 738, by inserting in the appropriate location the following:

"436.300. Notwithstanding any other law to the contrary, all parties to any contract or agreement for private construction work that is between any owner and any contractor, or between any contractor and any subcontractor, or between any subcontractor and any sub-subcontractor, or any supplier at whatever tier for construction, reconstruction, maintenance, alteration, or repair for a private owner of any building, improvement, structure, private road, appurtenance, or appliance, including moving, demolition, or any excavating connected therewith, shall make payment in accordance with the terms of such contract or agreement, provided such terms are not inconsistent with the provisions of sections 436.300 to 436.336.

436.303. A contract or agreement may include a provision for the retainage of a portion of any payment due from the owner to the contractor, not to exceed ten percent of the amount of such payment due pursuant to the contract or agreement, to ensure the proper performance of the contract or agreement, provided that the contract may provide that if the contractor's performance is not in accordance with the terms of the contract or agreement, the owner may retain additional sums to protect the owner's interest in satisfactory performance of the contract or agreement. The amount or amounts so retained by the owner shall be referred to in sections 436.300 to 436.336 as "retainage", and shall be held by the owner in trust for the benefit of the contractor and contractor's subcontractors, sub-subcontractors, and suppliers at whatever tier who are not in default, in proportion to their respective interests. Such retainage shall be subject to the conditions and limitations listed in section 436.300 to 436.336.

436.306. 1. The contractor may tender to the owner acceptable substitute security as set forth in section 436.312 with a written request for release of retainage in the amount of the substitute security. The contractor shall thereupon either:

(1) Be entitled to receive cash payment of retainage pursuant to this section; or  
(2) Not be subject to the withholding of retainage, in either case, to the extent of the security tendered, provided that the contractor is not in default of its agreement with the owner.

2. If the tender described in subsection 1 of this section is made after retainage has been withheld, the owner shall, within five working days after receipt of the tender, pay to the contractor the withheld retainage to the extent of the substitute security. If the tender described in subsection 1 of this section is made before retainage has been withheld, the owner shall, to the extent of the substitute security, refrain from withholding any retainage from the future payments.

436.309. A subcontractor of the contractor may tender to the contractor acceptable substitute security as set forth in section 436.312 with a written request for release of retainage in the amount of the substitute security. The contractor shall tender the subcontractor's substitute security to the owner with a like request, pursuant to the provisions of section 436.306. Provided that the subcontractor is not in default of its agreement with the contractor, the contractor shall pay over to the subcontractor, within five working days after receipt,

any accumulated retainage paid by the owner to the contractor on account of substitute security tendered by the subcontractor, except that the contractor shall not be required to pay over retainage in excess of the amount properly attributable to work completed by the subcontractor at the time of payment. Provided that the subcontractor is not in default of its agreement with the contractor, the contractor shall refrain from withholding retainage from payments to the subcontractor to the extent the owner has refrained from withholding retainage from payments to the contractor on account of the subcontractor's substituted security. The subcontractor shall be entitled to receive, upon receipt by the contractor, all income received by the contractor from the owner on account of income producing securities deposited by the subcontractor as substitute security. Except as otherwise provided in this section, the contractor shall have no obligation to collect or pay to a subcontractor retainage on account of substitute security tendered by the subcontractor.

436.312. 1. The following shall constitute acceptable substitute security for purposes of sections 436.306 and 436.309:

(1) Certificates of deposit drawn and issued by a national banking association located in this state or by any banking corporation incorporated pursuant to the laws of this state; and mutually agreeable to the project owner and the contractor or subcontractor, in the amount of the retainage released. If the letter of credit is not renewed at least sixty days before the expiration of the letter of credit, the owner may draw upon the letter of credit regardless of the contractor's or subcontractor's performance for an amount equal to or no greater than the value of the amount of work remaining to be performed by the contractor or subcontractor.

(2) A retainage bond naming the owner as obligee issued by any surety company authorized to issue surety bonds in this state in the amount of the retainage released; or

(3) An irrevocable and unconditional letter of credit in favor of the owner, issued by a national banking association located in this state or by any banking corporation incorporated pursuant to the laws of this state, in the amount of the retainage released.

2. The contractor shall be entitled to receive, in all events, all interest and income earned on any securities deposited by the contractor in substitution for retainage.

436.315. A contractor shall not withhold from any subcontractor any retainage in excess of the retainage withheld from the contractor by the owner for the subcontractor's work, unless the subcontractor's performance is not in accordance with the terms of the subcontract, in which case, subject to the terms of the subcontract, the contractor may retain additional sums to ensure the subcontractor's satisfactory performance of the subcontract.

436.318. Upon the release of retainage by the owner to the contractor, other than for substituted security pursuant to sections 436.306 and 436.312, the contractor shall pay to each subcontractor the subcontractor's ratable share of the retainage released, provided that all conditions of the subcontract for release of retainage to the subcontractor have been satisfied.

436.321. If it is determined that a subcontractor's performance has been satisfactorily and substantially completed and the subcontractor can be released prior to substantial completion of the entire project without risk to the owner involving the subcontractor's work, the contractor shall request such adjustment in retainage, if any, from the owner as necessary to enable the contractor to pay the subcontractor in full or in proportion to the amount of work that has been satisfactorily and substantially completed on the project, and the owner shall as part of the next contractual payment cycle release the subcontractor's retainage to the contractor, who shall in turn as part of the next contractual payment cycle release such retainage as is due the subcontractor.

436.324. Within thirty days of the project reaching substantial completion, as defined in section 436.327, all retainage or substitute security shall be released by the owner to the contractor less an amount equal to one hundred fifty percent of the costs to complete any remaining items. Upon receipt of such retainage from the owner, the contractor shall within seven days release to each subcontractor that subcontractor's share of the retainage.

436.327. The project shall be deemed to have reached substantial completion upon the occurrence of the earlier of one of the following events:

- (1) The architect or engineer issues a certificate of substantial completion;
- (2) The applicable governmental agency issues a use or occupancy permit; or
- (3) The owner begins to use or could have begun to use the project for its intended purpose.

436.330. Subcontractors and sub-subcontractors of every tier shall comply with the provisions of sections 436.300 to 436.336 in their relations with their sub-subcontractors and suppliers and shall be bound by the same obligations to their sub-subcontractors and suppliers as contractors are to their subcontractors.

**436.333.** A contract or agreement formed after August 28, 2002, shall be unenforceable to the extent that its provisions are inconsistent with sections 436.300 to 436.336. If retainage is withheld in violation of sections 436.300 to 436.360, a court may, in addition to any other award for damages, award interest at the rate of up to one and one-half percent per month from the date of such wrongful or improper withholding of retainage. In any action brought to enforce sections 436.300 to 436.336, a court may award reasonable attorney's fees to the prevailing party. If the parties elect to resolve the dispute by arbitration pursuant to section 436.350, the arbitrator may award any remedy that a court is authorized to award.

**436.336.** Sections 436.300 to 436.336 shall apply to contracts and agreements entered into after August 28, 2002. Sections 436.300 to 436.336 shall apply to all private construction projects, except single-family residential construction and other residential construction consisting of four or fewer units."; and

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 1712, Page 2, Section 347.143, Line 2, by inserting immediately before said line the following:

"72.080. 1. Any unincorporated city, town or other area of the state may, except as otherwise provided in sections 72.400 to 72.420, become a city of the class to which its population would entitle it pursuant to this chapter, and be incorporated pursuant to the law for the government of cities of that class, in the following manner: whenever a number of voters equal to fifteen percent of the votes cast in the last gubernatorial election in the area proposed to be incorporated shall present a petition to the governing body of the county in which such city or town or area is situated, such petition shall describe, by metes and bounds, the area to be incorporated and be accompanied by a plat thereof, shall state the approximate population and the assessed valuation of all real and personal property in the area and shall state facts showing that the proposed city shall have the ability to furnish normal municipal services within a reasonable time after its incorporation is to become effective and praying that the question be submitted to determine if it may be incorporated. If the governing body shall be satisfied that a number of voters equal to fifteen percent of the votes cast in the last gubernatorial election in the area proposed to be incorporated have signed such petition, the governing body shall submit the question to the voters.

2. The county may make changes in the petition to correct technical errors or to redefine the metes and bounds of the area to be incorporated to reflect other boundary changes occurring within six months prior to the time of filing the petition. Petitions submitted by proposing agents may be submitted with exclusions for the signatures collected in areas originally included in the proposal but subsequently annexed or incorporated separately as a city, town or village, although the governing body shall be satisfied as to the sufficiency of the signatures for the final proposed area. If a majority of the voters voting on the question vote for incorporation, the governing body shall declare such city, town or other area incorporated, designating in such order the metes and bounds thereof, and thenceforth the inhabitants within such bounds shall be a body politic and incorporate, by the name and style of "the city of .....", or "the town of .....", and the first officers of such city or town shall be designated by the order of the governing body, who shall hold their offices until the next municipal election and until their successors shall be duly elected and qualified. The county shall pay the costs of the election.

3. In any county with a charter form of government where fifty or more cities, towns and villages have been incorporated, an unincorporated city, town or other area of the state shall not be incorporated except as provided in sections 72.400 to 72.420.

**4. Any unincorporated area located partially within any county of the first classification without a charter form of government and with more than eighty-two thousand but less than eighty-two thousand one hundred inhabitants and partially within any county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants may incorporate as a city of the class to which its population would entitle it pursuant to this chapter notwithstanding any proposed annexation of the unincorporated area by any city of the third or fourth classification or any home rule city with more than four**

**hundred thousand inhabitants and located in more than one county. If any city of the third or fourth classification or any home rule city with more than four hundred thousand inhabitants and located in more than one county proposes annexation by ordinance or resolution of any unincorporated area as defined in this subsection, no such annexation shall become effective until after the qualified voters in the unincorporated area proposed to be incorporated fail to approve the proposed incorporation by a majority vote in the election described in subsection 2 of this section.**

5. Prior to the election described in subsection 2 of this section, if the owner or owners of either the majority of the commercial or the majority of the agricultural classification of real property in the proposed area to be incorporated object to such incorporation, such owner or owners may file an action in the circuit court of the county in which such unincorporated area is situated, pursuant to the provisions of chapter 527, RSMo, praying for a declaratory judgment requesting that such incorporation be declared unreasonable by the court. As used in this subsection, a “majority of the commercial or agricultural classification” means a majority as determined by the assessed valuation of the tracts of real property in either classification to be determined by the assessments made according to chapter 137, RSMo. The petition in such action shall state facts showing that such incorporation including the real property owned by the petitioners is not reasonable based on the same criteria as specified in subsection 3 of section 72.403 and is not necessary to the proper development of the city or town. If the circuit court finds that such inclusion is not reasonable and necessary, it may enjoin the incorporation or require the petition requesting the incorporation to be resubmitted excluding all or part of the property of the petitioners from the proposed incorporation.

72.130. Except as provided in sections 72.400 to 72.420, no city, town, village or other area shall be organized within this state under and by virtue of any law thereof, adjacent to or within two miles of the limits of any city of the first, second, third or fourth classification or any constitutional charter city, unless the city, town, village or other area be in a different county from the city **or unless the city, town or village is located partially within any county of the first classification without a charter form of government and with more than eighty-two thousand but less than eighty-two thousand one hundred inhabitants and partially within any county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants**, except that a city, town, village or other area may be incorporated within the two-mile area if a petition signed by a number of voters equal to fifteen percent of the votes cast in the last gubernatorial election in the area proposed to be incorporated is presented to the existing city requesting that the boundaries of the existing city be extended to include the area proposed to be incorporated and if action taken thereon by the existing city is unfavorable to the petition, or if no action is taken by the existing city on the petition, then the city, town, village or other area may be incorporated after the expiration of one year from the date of the petition and upon a favorable majority vote on the question.”; and

SENATE COMMITTEE SUBSTITUTE  
FOR  
SENATE CONCURRENT RESOLUTION NO. 57

WHEREAS, sustained investment in electric, natural gas, water sewer and heating utility infrastructure is vital to the economic vitality and well-being of the State of Missouri; and

WHEREAS, Missouri electric, natural gas, water sewer and heating utility companies compete with utility companies in other states for the capital necessary to sustain investment in utility infrastructure in Missouri; and

WHEREAS, Missouri electric, natural gas, water sewer and heating utility companies must achieve reasonable rates of return as compared to the rates of return achieved by utility companies in other states to ensure sustained investment in utility infrastructure in Missouri; and

WHEREAS, the utility regulatory process in Missouri, as it applies to electric, natural gas, water sewer and heating corporations, is governed primarily by Chapter 393, RSMo, which is largely unchanged since original enactment in 1913; and

WHEREAS, rates of return must not be set in such a way as to expose Missouri consumers and workers to the dangers of unaffordable, unreliable, unstably priced service in the name of encouraging investment; and

WHEREAS, the potential for the deregulation of utilities in Missouri has received substantial legislative study in recent years, while the ongoing utility regulatory process and procedure has not enjoyed broad legislative evaluation; and

WHEREAS, there is an increasing trend among energy and utility companies toward proliferation of subsidiary corporations, complex relationships and the movement of assets among these subsidiaries, the increasing reliance on business strategies which seek to separate the production of energy and the provision of service from speculation in energy as an abstract commodity; and

WHEREAS, this trend has complicated the regulatory task in Missouri in a variety of ways; and

WHEREAS, this trend calls for more effective public oversight of an increasingly complex energy market so as to prevent the harm to consumers, shareholders and workers that can result from the financial instability and lack of accountability; and

WHEREAS, the utility regulatory process could benefit from being evaluated at this time so as to ensure the ability of regulatory process to ensure reliable, affordable and stably priced utility service and promote the interests of fairness and balance among all constituencies, including consumers, workers and shareholders of regulated utility companies; and

WHEREAS, the utility regulatory process must be periodically evaluated so as to promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies, by addressing policy and practice advances in areas including , but not limited to, non-traditional regulatory rate plans, performance-based regulatory rate plans, incentive regulatory rate plans, capital recovery schedules, consistency of utility regulatory policy with generally accepted accounting principles, consistency of utility regulatory policy with financial accounting standards, consistency of utility regulatory policy with generally accepted engineering principles, communication between and among participants in the regulatory process, time schedules for the initiation and conclusion of proceedings before utility regulatory agencies, the role, function and needs of the Public Service Commission, the role, function and needs of the Office of Public Counsel and the overall structure and cost of governmental utility regulatory agencies and the utility regulatory process:

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby establish the Joint Legislative Committee on Utility Regulation and Infrastructure Investment; and

BE IT FURTHER RESOLVED that said Committee be composed of five members of the Senate, to be appointed by the President Pro Tem and five members of the House of Representatives to be appointed by the Speaker of the House and that said committee be authorized to function throughout the entirety of the Ninety-second General Assembly; and

BE IT FURTHER RESOLVED that said Committee conduct in-depth studies and make appropriate recommendations concerning: how the utility regulatory process and the results thereof in Missouri in regard to electric, natural gas, water sewer and heating utility companies compare to the utility regulatory process and the results thereof in other states; and how the utility regulatory process in Missouri in regard to electric, natural gas, water sewer and heating utility companies can, or should, be modernized to be more efficient and effective, ensure sustained investment in utility infrastructure and promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies; and

BE IT FURTHER RESOLVED that said Committee present a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the First Regular Session of the Ninety-third General Assembly; and

BE IT FURTHER RESOLVED that said Committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Office of Public Counsel, political subdivisions of this state, energy utilities, water utilities, heating corporations and representatives of energy and water customer groups; and

BE IT FURTHER RESOLVED that House Research, the Committee on Legislative Research and Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED that the actual and necessary expenses of the Committee, its members and any staff personnel assigned to the Committee incurred in attending meetings of the Committee or any subcommittee thereof shall be paid from the Joint Contingent Fund.

In which the concurrence of the House is respectfully requested.

SENATE COMMITTEE SUBSTITUTE  
FOR  
SENATE CONCURRENT RESOLUTION NO. 60

WHEREAS, the State of Missouri recognizes the critical importance of information technology to its government, industry and local economy; and

WHEREAS, high technology has made enormous contributions to Missouri's economic growth and competitiveness; and

WHEREAS, high technology jobs are high-paying, high-skill, dynamic, and adaptable, with the average Missouri high technology worker earning \$50,000 a year; and

WHEREAS, the positive economic impact of high technology in Missouri does not end with workers in well-paid high technology jobs, but extends to the businesses that provide goods and services to high technology companies, resulting in an overall impact of 66,100 jobs and more than \$2.4 billion in wages for Missouri residents; and

WHEREAS, software piracy represents one of the greatest threats to the continued growth of Missouri's high technology industry, with software piracy costing the Missouri economy nearly 1,900 jobs and \$80 million in wages annually; and

WHEREAS, software piracy can have a serious chilling effect on creativity, innovation, and profitability in the vital high technology sector of Missouri's economy; and

WHEREAS, counterfeit and other forms of pirated software expose consumers, including state agencies, to the risk of computer viruses, reduced technical support, and other problems that prevent the efficient operation of information systems; and

WHEREAS, due to the destructive impact of software piracy on the Missouri economy and consumers, the Missouri General Assembly recognizes the need to develop a comprehensive statewide response to combat the use of unlicensed software in all state agencies and promote sound management of state information systems:

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the Governor to take the necessary steps to:

- (1) Cause each state agency to work diligently to prevent and combat computer software piracy;

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-EIGHTH DAY, THURSDAY, MAY 9, 2002

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious Lord, Giver of Life, we bow now as Your children, and ask for guidance. Strengthen, we pray, the men and women of this House. They want to do what is right and what is best for Missouri. They need Your guidance and protection so that no narrow perspective, or contentiousness, or impatience blinds them. Confirm them in their best instincts.

Particularly we pray for the leaders of this House, for our Speaker and those who lead these two great political parties that must work together for the common good. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Dennis Jones III, Keith Callen, Bobby Kohlberg, Kyra Hjelle, Chet Chenoweth, Katie Sybert, Cali Davison, Tim Smith and Greg Smith.

*House Amendment No. 4*

AMEND House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 712, Page 55, Section 610.021, Line 6 of said page, by inserting immediately after all of said line the following:

"640.100. 1. The safe drinking water commission created in section 640.105 shall promulgate rules necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 and the federal Safe Drinking Water Act as amended.

2. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held by the commission after at least thirty days' prior notice in the manner prescribed by the rulemaking provisions of chapter 536, RSMo, and an opportunity given to the public to be heard; the commission may solicit the

views, in writing, of persons who may be affected by, knowledgeable about, or interested in proposed rules and regulations, or standards. Any person heard or registered at the hearing, or making written request for notice, shall be given written notice of the action of the commission with respect to the subject thereof. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated to administer and enforce sections 640.100 to 640.140 shall become effective only if the agency has fully complied with all of the requirements of chapter 536, RSMo, including but not limited to, section 536.028, RSMo, if applicable, after June 9, 1998. All rulemaking authority delegated prior to June 9, 1998, is of no force and effect and repealed as of June 9, 1998, however, nothing in this section shall be interpreted to repeal or affect the validity of any rule adopted or promulgated prior to June 9, 1998. If the provisions of section 536.028, RSMo, apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028, RSMo, to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in this chapter or chapter 644, RSMo, shall affect the validity of any rule adopted and promulgated prior to June 9, 1998.

3. The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing standards for individuals who are seeking to be certified as backflow prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320, RSMo, and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections 640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320, RSMo, and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. **The department shall provide training and technical assistance to public water systems to protect against threats of tampering, sabotage, and terrorism.**

6. **For the purposes of this section, "tampering" means to knowingly introduce a contaminant or otherwise interfere with the operation of a public water system for the purpose of causing a substantial interruption or impairment of service. Tampering with a public water system shall be tampering in the first degree pursuant to section 569.080, RSMo. The department may bring a civil action in the appropriate court against any person who tampers, attempts to tamper, or makes a threat to tamper with a public water system.**

7. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby authorized to be imposed upon all customers of public water systems in this state. The fees collected shall not exceed the amounts specified in this subsection and the commission may set the fees, by rule,

in a lower amount by proportionally reducing all fees charged pursuant to this subsection from the specified maximum amounts. Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size, shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections	\$2.00
1,001 to 4,000 connections	1.84
4,001 to 7,000 connections	1.67
7,001 to 10,000 connections	1.50
10,001 to 20,000 connections	1.34
20,001 to 35,000 connections	1.17
35,001 to 50,000 connections	1.00
50,001 to 100,000 connections	.84
More than 100,000 connections	.66

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed five dollars; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed twenty-five dollars; and for customers with meters greater than four inches in size shall not exceed fifty dollars.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

[6.] **8.** Fees imposed pursuant to subsection [5] **7** of this section shall become effective on August 28, 1992, and shall be collected by the public water system serving the customer. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection [5] **7** of this section are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

[7.] **9.** Imposition and collection of the fees authorized in subsection [5] **7** of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

[8.] **10.** Fees imposed pursuant to subsection [5] **7** of this section shall expire on September 1, [2002] **2007.**”

With Senate Amendment No. 2

*Senate Amendment No. 2*

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 2008, Page 1, Section A, Line 11, by inserting after all of said line the following:

“301.144. 1. The director of revenue shall establish and issue special personalized license plates containing letters or numbers or combinations of letters and numbers, not to exceed six characters in length. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Any person desiring to obtain a special personalized license plate for any motor vehicle other than a commercial motor vehicle licensed for more than twelve thousand pounds shall apply to the director of revenue on a form provided by the director and shall pay a fee of fifteen dollars in addition to the regular registration fees. The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void. No two owners shall be issued identical plates. An owner shall make a new application and pay a new fee each year such owner desires to obtain or retain special personalized license plates; however, notwithstanding the provisions of subsection 8 of section 301.130 to the contrary, the director shall allow the special personalized license plates to be replaced with new plates every three years without any additional charge, above the fee established in this section, to the renewal applicant. Any person currently in possession of an approved personalized license plate shall have first priority on that particular plate for each of the following years that timely and appropriate application is made.

2. No personalized license plates shall be issued containing any letters, numbers or combination of letters and numbers which are obscene, profane, [inflammatory or contrary to public policy] **patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found.** The director may recall any personalized license plates, including those issued prior to August 28, 1992, if the director determines that the plates are obscene, profane, [inflammatory or contrary to public policy] **patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of**

**streets and highways, or of the public in any location where the vehicle with such a plate may be found.** Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. **The director shall not apply the provisions of this statute in a way that violates the Missouri or United States constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle license plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum.** Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes.

3. The director may also establish categories of special license plates from which license plates may be issued. Any such person, other than a person exempted from the additional fee pursuant to subsection 6 of this section, that desires a personalized special license plate from any such category shall pay the same additional fee and make the same kind of application as that required by subsection 1 of this section, and the director shall issue such plates in the same manner as other personalized special license plates are issued.

4. The director of revenue shall issue to residents of the state of Missouri who hold an unrevoked and unexpired official amateur radio license issued by the Federal Communications Commission, upon application and upon payment of the additional fee specified in subsection 1 of this section, except for a person exempted from the additional fee pursuant to subsection 6 of this section, personalized special license plates bearing the official amateur radio call letters assigned by the Federal Communications Commission to the applicant. The application shall be accompanied by an affidavit stating that the applicant has an unrevoked and unexpired amateur radio license issued by the Federal Communications Commission and the official radio call letters assigned by the Federal Communications Commission to the applicant.

5. Notwithstanding any other provision to the contrary, any business that repossesses motor vehicles or trailers and sells or otherwise disposes of them shall be issued a placard displaying the word "Repossessed", provided such business pays the fees presently required of a manufacturer, distributor, or dealer in subsection 1 of section 301.253. Such placard shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the motor vehicle or trailer.

6. Notwithstanding any provision of law to the contrary, any person who has retired from any branch of the United States armed forces or reserves, the United States Coast Guard or reserve, the United States Merchant Marines or reserve, the National Guard, or any subdivision of any such services shall be exempt from the additional fee required for personalized license plates issued pursuant to section 301.441. As used in this subsection, "retired" means having served twenty or more years in the appropriate branch of service and having received an honorable discharge."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

*Senate Amendment No. 3*

AMEND Senate Substitute No. 2 for Senate Committee Substitute for House Bill No. 1446, Page 25, Section 354.603, Line 2, by inserting after all of said line the following:

**“354.606. 1. This act shall be known as the “Patient Freedom of Choice Act of 2002”.**

[1.] **2.** A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

[2.] **3.** Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

“Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier’s enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person.”

[3.] **4.** Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier’s or intermediary’s insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee’s discharge from an inpatient facility, whichever time is greater.

[4.] **5.** The contract provisions satisfying the requirements of subsections [2 and] 3 **and 4** of this section shall:

- (1) Be construed in favor of the enrollee;
- (2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and
- (3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections 2 and 3 of this section.

[5.] **6.** In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider’s contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

[6.] **7.** (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

- (a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization;

**(c) Deny a health care professional the opportunity to become a participating provider if such health care professional satisfies all of the selection standards established by the health carrier as defined in section 376.1350, RSMo, and if the health care professional is willing to accept the plan's operating terms and conditions, its schedule of fees, covered expenses, utilization regulations and quality standards. This subdivision shall not apply to supplemental insurance policies, including life care contracts, accident-only policies, specified disease policies, hospital policies providing a fixed daily benefit only, Medicare supplement policies, long-term care policies, coverage issued as a supplement to liability insurance, short-term major medical policies of six months or less duration and other supplemental policies as determined by the department of insurance. This subdivision shall only apply to any county of the first classification without a charter form of government and with more than one hundred four thousand six hundred but less than one hundred four thousand seven hundred inhabitants and any county of the second classification with more than fifty-two thousand six hundred but less than fifty-two thousand seven hundred inhabitants; or**

**(d) Allow a health carrier, either directly or indirectly through intermediaries, to discriminate between healthcare providers when selecting among providers of health services for enrollment in the network and when referring enrollees for health services provided within the scope of those professional licenses and when reimbursing amounts for covered services among persons duly licensed to provide such services.**

(2) Paragraphs (a) [and], (b) **and** (c) of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

[7.] **8.** A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

[8.] **9.** A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

[9.] **10.** No contract between a health carrier and a provider for the delivery of health care service, entered into or renewed after August 28, 2001, shall require the mandatory use of a hospitalist. For purposes of this subsection, "hospitalist" means a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to that participating provider at the end of hospitalization.

[10.] **11.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[11.] **12.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[12.] **13.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[13.] **14.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[14.] **15.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[15.] **16.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[16.] **17.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[17.] **18.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[18.] **19.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[19.] **20.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[20.] **21.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636.”; and

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 7*

AMEND Senate Substitute No. 2 for Senate Committee Substitute for House Bill No. 1446, Page 13, Section 194.230, Line 22, by inserting after all of said line the following:

“287.135. 1. The department of insurance shall establish a program whereby managed care organizations in this state shall be certified by the department for the provision of managed care services to employers who voluntarily choose to use such organizations. The department shall report to the division of workers' compensation all managed care organizations certified pursuant to the provisions of this section. The division shall maintain a registry of certified managed care organizations that can be readily accessed by employers for the provision of managed care services. For the purposes of this section, the term “managed care organizations” shall mean organizations such as preferred provider organizations, health maintenance organizations and other direct employer/provider arrangements which have been certified by the department designed to provide incentives to medical care providers to manage the cost and use of care associated with claims covered by workers' compensation insurance.

2. The director of the department of insurance shall promulgate rules which set out the approval criteria for certification of a managed care organization. Approval criteria shall take into consideration the adequacy of services that the organization will be able to offer the employer, the geographic area to be served, staff size and makeup of the organization in relation to both services offered and geographic location, access to health care providers, the adequacy of internal management and oversight, the adequacy of procedures for peer review, utilization review, and internal dispute resolution, including a method to resolve complaints by injured employees, medical providers, and insurers over the cost, necessity and appropriateness of medical services, the availability of case management services, and any other criteria as determined by the director. Thirty days prior to the annual anniversary of any current certification granted by the director, any managed care organization seeking continued certification shall file an application for recertification with the director, on a form approved by the director, accompanied by a filing fee established by the director by rule and any other materials specified by the director.

3. The director of the department of insurance shall promulgate rules which set out the criteria under which the fees charged by a managed care organization shall be reimbursed by an employer's workers' compensation insurer and which establish criteria providing for the coordination and integration between the managed care organization and the insurer of their respective internal operational systems relating to such matters as claim reporting and handling, medical case management procedures and billing. Such criteria shall require any such reimbursable fees to be reasonable in relation both to the managed care services provided and to the savings which result from those services. Such criteria shall discourage the use of fee arrangements which result in unjustified costs being billed for either medical services or managed care services. Insurers and managed care organizations shall be permitted to voluntarily negotiate and utilize alternative fee arrangements. Notwithstanding any provision of this subsection to the contrary, if an insurer and a managed care organization enter into a voluntary agreement that accomplishes the same purposes as this subsection, that insurer and that managed care organization with respect to that agreement shall not be required to meet the requirements of this subsection or regulations promulgated by the department pursuant to this subsection.

4. Any managed care organization, including any managed care organization that has been established or selected by or has contracted with a workers' compensation insurance carrier to provide managed care services to insured employers, that has previously been certified prior to August 28, 1993, by the director of the department of insurance shall be deemed to have met the criteria set forth in this section.

5. The necessity and appropriateness of medical care services recommended or provided by providers shall be subject to review by the division of workers' compensation, upon application, following a decision by the managed care organization's utilization review and dispute resolution review and appeal procedure. The decision of the managed care organization relating to payment for such medical care services shall be subject to modification by the division of workers' compensation, after mediation conference or hearing, only upon showing that it was unreasonable, arbitrary or capricious.

**6. The provisions of this section shall terminate on December 31, 2003.”; and**

Further amend the title and enacting clause accordingly.

*Senate Amendment No. 8*

AMEND Senate Substitute No. 2 for Senate Committee Substitute for House Bill No. 1446, Page 30, Section 376.1253, Line 7 of said page, by inserting before all of said line the following:

**“376.1221. 1. Every health insurer and health benefit plan, as defined in section 376.1350, offering health benefit plans that are delivered, issued for delivery, continued or renewed after January 1, 2003, shall provide coverage for hearing aids that are prescribed, fitted, and dispensed by appropriately licenced professionals to dependent children through age nineteen covered under a policy, contract, or plan.**

**2. The hearing aids covered under this section shall:**

**(1) Be an electronic wearable device designed to aid or compensate for human hearing loss and any parts, attachments, or accessories, including earmolds;**

**(2) Be of a design and circuitry to optimize audibility and listening skills in the environment commonly experienced by children; and**

**(3) Have multiple-band wide dynamic range compression and direct audio input compatibility.**

**3. The coverage provided by this section shall include coverage for replacement hearing aids for the child at least once every three years.**

**4. Hearing evaluations, hearing aids, prescriptions, fittings, and consumable supplies shall be reimbursed according to contracted fee schedule. A health insurer or health benefit plan subject to this section may limit the benefit payable for hearing aids to twelve hundred fifty dollars for each ear with a hearing loss. An insured or enrollee who selects a hearing aid that costs more than the benefit payable pursuant to this section may pay the difference between the price of the hearing aid and the benefit payable without financial or contractual penalty to the provider of the hearing aid.**

**5. Nothing in this section shall prohibit a health insurer or health benefit plan from providing coverage that is greater than or more favorable to enrollees than the coverage provided by this section.**

**6. The health care service required by this section shall not be subject to a deductible or co-payment that exceeds twenty percent of the actual covered service costs. No health insurer or health benefit plan subject to this section shall request or require hearing acuity information from or about persons applying for coverage.**

7. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months or less duration, or any other supplemental policy as determined by the director of the department of insurance.

8. The director of the department of insurance may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.”; and

The information shall be provided within thirty days of such request and shall include the total aggregate amount of claims paid and the total number of claims filed for each annual period. The information may be used by the employer or the employer’s agent of record for the sole purpose of evaluating and marketing the group insurance program. The information provided to the employer or the employer’s agent of record shall be furnished in a manner that does not individually identify an employee or an employee’s family member and shall comply with all applicable federal and state privacy laws regarding the disclosure of health records.”; and**

5. The necessity and appropriateness of medical care services recommended or provided by providers shall be subject to review by the division of workers' compensation, upon application, following a decision by the managed care organization's utilization review and dispute resolution review and appeal procedure. The decision of the managed care organization relating to payment for such medical care services shall be subject to modification by the division of workers' compensation, after mediation conference or hearing, only upon showing that it was unreasonable, arbitrary or capricious.

287.140. 1. In addition to all other compensation, the employee shall receive and the employer shall provide such medical, surgical, chiropractic, and hospital treatment, including nursing, custodial, ambulance and medicines, as may reasonably be required after the injury or disability, to cure and relieve from the effects of the injury. If the employee desires, [he] **the employee** shall have the right to select his **or her** own physician, surgeon, or other such requirement at [his] **the employee's** own expense. Where the requirements are furnished by a public hospital or other institution, payment therefor shall be made to the proper authorities. Regardless of whether the health care provider is selected by the employer or is selected by the employee at the employee's expense, the health care provider shall have the affirmative duty to communicate fully with the employee regarding the nature of the employee's injury and recommended treatment exclusive of any evaluation for a permanent disability rating. Failure to perform such duty to communicate shall constitute a disciplinary violation by the provider subject to the provisions of chapter 620, RSMo. When an employee is required to submit to medical examinations or necessary medical treatment at a place outside of the local or metropolitan area from the place of injury or the place of [his] **the employee's** residence, the employer or its insurer shall advance or reimburse the employee for all necessary and reasonable expenses; except that an injured employee who resides outside the state of Missouri and who is employed by an employer located in Missouri shall have the option of selecting the location of services provided in this section either at a location within one hundred miles of the injured

employee's residence, place of injury or place of hire by the employer. The choice of provider within the location selected shall continue to be made by the employer. In case of a medical examination if a dispute arises as to what expenses shall be paid by the employer, the matter shall be presented to the legal advisor, the administrative law judge or the commission, who shall set the sum to be paid and same shall be paid by the employer prior to the medical examination. In no event, however, shall the employer or its insurer be required to pay transportation costs for a greater distance than two hundred fifty miles each way from place of treatment. In addition to all other payments authorized or mandated under this subsection, when an employee who has returned to full-time employment is required to submit to a medical examination for the purpose of evaluating permanent disability, or to undergo physical rehabilitation, the employer or its insurer shall pay a proportionate weekly compensation benefit based on the provisions of section 287.180 for such wages that are lost due to time spent undergoing such medical examinations or physical rehabilitation, except that where the employee is undergoing physical rehabilitation, such proportionate weekly compensation benefit payment shall be limited to a time period of no more than twenty weeks. For purposes of this subsection only, "physical rehabilitation" shall mean the restoration of the seriously injured person as soon as possible and as nearly as possible to a condition of self-support and maintenance as an able-bodied worker. Determination as to what care and restoration constitutes physical rehabilitation shall be the sole province of the treating physician. Should the employer or its insurer contest the determination of the treating physician, then the director shall review the case at question and issue [his] a determination. Such determination by the director shall be appealable like any other finding of the director or the division. Serious injury includes, but is not limited to, quadriplegia, paraplegia, amputations of hand, arm, foot or leg, atrophy due to nerve injury or nonuse, and back injuries not amenable alone to recognized medical and surgical procedures.

2. If it be shown to the division or the commission that the requirements are being furnished in such manner that there is reasonable ground for believing that the life, health, or recovery of the employee is endangered thereby, the division or the commission may order a change in the physician, surgeon, hospital or other requirement.

3. All fees and charges under this chapter shall be fair and reasonable, shall be subject to regulation by the division or the commission, or the board of rehabilitation in rehabilitation cases. A health care provider shall not charge a fee for treatment and care which is governed by the provisions of this chapter greater than the usual and customary fee the provider receives for the same treatment or service when the payor for such treatment or service is a private individual or a private health insurance carrier. The division or the commission, or the board of rehabilitation in rehabilitation cases, shall also have jurisdiction to hear and determine all disputes as to such charges. A health care provider is bound by the determination upon the reasonableness of health care bills.

4. The division shall, by regulation, establish methods to resolve disputes concerning the reasonableness of medical charges, services, or aids. This regulation shall govern resolution of disputes between employers and medical providers over fees charged, whether or not paid, and shall be in lieu of any other administrative procedure under this chapter. The employee shall not be a party to a dispute over medical charges, nor shall the employee's recovery in any way be jeopardized because of such dispute.

5. No compensation shall be payable for the death or disability of an employee, if and insofar as the death or disability may be caused, continued or aggravated by any unreasonable refusal to submit to any medical or surgical treatment or operation, the risk of which is, in the opinion of the division or the commission, inconsiderable in view of the seriousness of the injury. If the employee dies as a result of an operation made necessary by the injury, the death shall be deemed to be caused by the injury.

6. The testimony of any physician or chiropractic physician who treated the employee shall be admissible in evidence in any proceedings for compensation under this chapter, subject to all of the provisions of section 287.210.

7. Every hospital or other person furnishing the employee with medical aid shall permit its record to be copied by and shall furnish full information to the division or the commission, the employer, the employee or [his] **the employee's** dependents and any other party to any proceedings for compensation under this chapter, and certified copies of the records shall be admissible in evidence in any such proceedings.

8. The employer may be required by the division or the commission to furnish an injured employee with artificial legs, arms, hands, surgical orthopedic joints, or eyes, or braces, as needed, for life whenever the division or the commission shall find that the injured employee may be partially or wholly relieved of the effects of a permanent injury by the use thereof. The director of the division shall establish a procedure whereby a claim for compensation may be reactivated after settlement of such claim is completed. The claim shall be reactivated only after the claimant can show good cause for the reactivation of this claim and the claim shall be made only for the payment of medical procedures involving life-threatening surgical procedures or if the claimant requires the use of a new, or the modification, alteration or exchange of an existing, prosthetic device. For the purpose of this subsection, "life threatening" shall mean a situation

or condition which, if not treated immediately, will likely result in the death of the injured worker.

9. Nothing in this chapter shall prevent an employee being provided treatment for [his] injuries by prayer or spiritual means if the employer does not object to the treatment.

10. The employer shall have the right to select the licensed treating physician, surgeon, chiropractic physician, **network of providers**, or other health care provider, **including licensed registered nurses functioning as medical case managers**; provided, however, that such physicians, surgeons, **registered nurses**, or other health care providers shall offer only those services authorized within the scope of their licenses. For the purpose of this subsection, subsection 2 of section 287.030 shall not apply.

11. Any physician or other health care provider who orders, directs or refers a patient for treatment, testing, therapy or rehabilitation at any institution or facility shall, at or prior to the time of the referral, disclose in writing if such health care provider, any of [his] **the provider's** partners or [his] **the provider's** employer has a financial interest in the institution or facility to which the patient is being referred, to the following:

- (1) The patient;
- (2) The employer of the patient with workers' compensation liability for the injury or disease being treated;
- (3) The workers' compensation insurer of such employer; and
- (4) The workers' compensation adjusting company for such insurer.

12. Violation of subsection 11 of this section is a class A misdemeanor.

13. (1) No hospital, physician or other health care provider, other than a hospital, physician or health care provider selected by the employee at [his] **the employee's** own expense pursuant to subsection 1 of this section, shall bill or attempt to collect any fee or any portion of a fee for services rendered to an employee due to a work-related injury or report to any credit reporting agency any failure of the employee to make such payment, when an injury covered by this chapter has occurred and such hospital, physician or health care provider has received actual notice given in writing by the employee, the employer or the employer's insurer. Actual notice shall be deemed received by the hospital, physician or health care provider five days after mailing by certified mail by the employer or insurer to the hospital, physician or health care provider.

(2) The notice shall include:

- (a) The name of the employer;
- (b) The name of the insurer, if known;
- (c) The name of the employee receiving the services;
- (d) The general nature of the injury, if known; and
- (e) Where a claim has been filed, the claim number, if known.

(3) When an injury is found to be noncompensable under this chapter, the hospital, physician or other health care provider shall be entitled to pursue the employee for any unpaid portion of the fee or other charges for authorized services provided to the employee. Any applicable statute of limitations for an action for such fees or other charges shall be tolled from the time notice is given to the division by a hospital, physician or other health care provider pursuant to subdivision (6) of this subsection, until a determination of noncompensability in regard to the injury which is the basis of such services is made, or in the event there is an appeal to the labor and industrial relations commission, until a decision is rendered by that commission.

(4) If a hospital, physician or other health care provider or a debt collector on behalf of such hospital, physician or other health care provider pursues any action to collect from an employee after such notice is properly given, the employee shall have a cause of action against the hospital, physician or other health care provider for actual damages sustained plus up to one thousand dollars in additional damages, costs and reasonable attorney's fees.

(5) If an employer or insurer fails to make payment for authorized services provided to the employee by a hospital, physician or other health care provider pursuant to this chapter, the hospital, physician or other health care provider may proceed pursuant to subsection 4 of this section with a dispute against the employer or insurer for any fees or other charges for services provided.

(6) A hospital, physician or other health care provider whose services have been authorized in advance by the employer or insurer may give notice to the division of any claim for fees or other charges for services provided for a work-related injury that is covered by this chapter, with copies of the notice to the employee, employer and the employer's insurer. Where such notice has been filed, the administrative law judge may order direct payment from the proceeds of any settlement or award to the hospital, physician or other health care provider for such fees as are determined by the division. The notice shall be on a form prescribed by the division.”; and

Further amend the title and enacting clause accordingly.

# JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

---

SIXTY-NINTH DAY, FRIDAY, MAY 10, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

Almighty God, guide and direct both houses of our legislature in these last days of this session. Bring healing to those fissures dividing these two crucial bodies of state, our Senate and our House of Representatives, so that progress may be made. Somehow heal the division in this House, which broke open so forcefully yesterday.

Much needs to be done, not to feed the egos of our legislators, but rather that the minds, bodies, and hearts of our people are fed. As votes are cast this day and over the next week, may our representatives imagine, not numbers, but the faces of the people behind the votes, the people whose lives will be impacted by the results.

Give these good men and women, our elected representatives strength, courage, and wisdom today, and a restful and re-creating weekend tomorrow and Sunday. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: David Prater, Jamie Richey and Haley Lewis.

The Journal of the sixty-eighth day was approved as corrected.

**NOTICE OF PETITION TO SUBMIT TO A POPULAR VOTE THE CREATION AND FUNDING OF A REGIONAL TRANSPORTATION DEVELOPMENT DISTRICT**

Notice is hereby given to all persons residing in (here specifically describe the proposed district boundaries), within the state of Missouri, that a petition has been filed asking that upon voter approval, a regional transportation development district by the name of "..... Regional Transportation Development District" be formed for the purpose of funding the transportation projects. A copy of this petition is on file and available at the office of the clerk of the circuit court of .... County, located at ....., Missouri. You are notified to join in or file your own petition supporting or answer opposing the creation of the regional transportation development district and requesting a declaratory judgment, as required by law, no later than the ..... day of ....., 20... You may show cause, if any there be, why such petition is defective or proposed regional transportation development district or its funding method, as set forth in the petition, is illegal or unconstitutional and should not be submitted for voter approval at a general, primary, or special election as directed by this court.

..... Clerk of the Circuit Court of  
..... County.

2. The circuit clerk shall also submit the same notice to the commission.
3. The circuit court may also order a public hearing on the question of the creation of the proposed district, if it deems such appropriate, under such terms and conditions as it deems appropriate. If a public hearing is ordered, notice of the time, date, and place of the hearing shall also be given in the notice specified in this section

238.510. 1. If the circuit court certifies the petition for voter approval, it shall call an election pursuant to section 238.512.

2. At such election for voter approval of the qualified voters, the questions shall be submitted in substantially the following form:

Shall there be organized in (here specifically describe the proposed district boundaries), within the state of Missouri, a regional transportation development district, to be known as the "..... Regional Transportation Development District" for the purpose of funding transportation projects and to have the power to fund the proposed projects upon voter approval by any or all of the following methods: sales tax, tolls, and bonds?

3. The results of the election shall be entered upon the records of the circuit court of the county or city not within a county in which the petition was filed. Also, a certified copy thereof shall be filed with the clerk of each county or city not within a county of the proposed district, who shall cause the same to be spread upon the records of the county commission or the city not within a county. If the results show that a majority of the votes cast by the qualified voters were in favor of organizing the regional transportation development district, the circuit court having jurisdiction of the matter shall declare the district organized. If the results show that less

than a majority of the votes cast by the qualified voters were in favor of the organization of the district, the circuit court shall declare that the question has failed to pass, and the same question shall not be again submitted for voter approval for two years.

238.512. 1. Except as otherwise provided in section 238.516 with respect to the election of directors, in order to call any election required or allowed in sections 238.500 to 238.552, the circuit court shall order the clerk to cause the questions to appear on the ballot on the next regularly scheduled municipal, or state general, primary, or special election day, which date shall be the same in each county or city not within a county included within and voting upon the proposed district.

2. The results of the election shall be entered upon the records of the circuit court of the county in which the petition was filed. Also, a certified copy thereof shall be filed with the clerk of each county and city not within a county of the proposed district, who shall cause the same to be spread upon the records of the county commission and the city not within a county.

238.514. The costs of filing and defending the petition and all publication and incidental costs incurred in obtaining circuit court certification of the petition for voter approval shall be paid by the petitioners. If a district is organized pursuant to sections 238.500 to 238.552, the petitioners may be reimbursed for such costs out of the revenues received by the district.

238.516. 1. At the time of the organizing election, three directors from each county or city not within a county shall be elected.

2. Candidates shall pay the sum of fifty dollars as a filing fee to the clerk of the county or city not within a county and shall file with the election authority of such county or city not within a county a statement under oath that the candidate possesses all of the qualifications set out in this section for a director. Thereafter, such candidate shall have the candidate's name placed on the ballot as a candidate for director.

3. The director or directors to be elected shall be elected at large within the county or city not within a county. The candidate receiving the most votes from qualified voters shall be elected to the position having the six-year term, the second highest total votes elected to the position having the four-year term, and the third highest total votes elected to the position having a two-year term. Each initial director shall serve the term to which the director was elected, and until a successor is duly elected and qualified. Each successor director shall serve a six-year term. The directors shall nominate and elect an interim director to complete any unexpired term of a director caused by resignation or disqualification.

4. Each director shall be a resident of the district. Directors shall be registered voters at least twenty-one years of age.

238.518. 1. The board shall possess and exercise all of the district's legislative and executive powers.

2. The board shall meet within thirty days after the election of the initial directors. The time and place of the first meeting of the board shall be designated by the court that heard the petition upon the court's own initiative or upon the petition of any interested person. At its first meeting and after each election of new board members the board shall elect a chair from its members.

3. The board shall appoint an executive director, district secretary, treasurer, and such other officers or employees as it deems necessary.

4. At the first meeting, the board, by resolution, shall define the first and subsequent fiscal years of the district, and shall adopt a corporate seal.

5. A simple majority of the board shall constitute a quorum. If a quorum exists, a majority of those voting shall have the authority to act in the name of the board, and approve any board resolution.

6. Each director shall devote such time to the duties of the office as the faithful discharge thereof may require and may be reimbursed for actual and necessary expenditures in the performance of duties on behalf of the district.

238.520. 1. Before construction of any project to be merged into the state highways and transportation system, the district shall submit the proposed project, together with the proposed plans and specifications, to the commission for its prior approval of the project. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may approve the project subject to the district making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. Before construction of any project that is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall submit the proposed project, together with proposed plans and specifications, to the local transportation authority for its prior approval. The local transportation authority may approve the project subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

238.522. 1. A district may use sales taxes, tolls, or bonds specifically authorized by sections 238.500 to 238.552 to fund a project.

2. At any time during the existence of the district the board may submit or resubmit a proposed funding method authorized by sections 238.500 to 238.552 for transportation projects to the qualified voters for approval.

3. The district may by contract with the commission agree to send to the commission any revenue received by the district from any funding method authorized by sections 238.500 to 238.552. Such revenue and interest therefrom shall be deposited by the commission pursuant to section 227.180, RSMo, and applied by the commission to project costs, including debt service, on revenue bonds, or refunding bonds issued by the commission.

4. Revenue raised by the regional transportation development district shall provide additional funding for transportation projects and purposes. The commission shall not reduce funding from any source provided to the area covered by the regional transportation development district below the amount received in the fiscal year of the district's organization except when state or federal taxes or fees are reduced, in which case the reduction must not exceed the proportion of the tax or fee reduction. The commission shall increase funding in each fiscal year to the area covered by the regional transportation development district by at least the percent growth in all funding sources. Any and all federal funds designated by federal law, regulation, or appropriation to the area covered by the regional transportation development district must be passed through to the district in full.

5. The district may by contract with a local transportation authority agree to send the local transportation authority any revenue received by the district. The local transportation authority shall deposit such revenue in a special local trust account. Such revenue and interest therefrom shall be applied by the local transportation authority to project costs.

238.524. 1. Any transportation development district which consists of one or more counties or city not within a county, may by resolution impose a regional transportation development district sales tax on all retail sales made in such regional transportation development district which are subject to taxation pursuant to sections 144.010 to 144.525, RSMo, for any transportation development purpose designated by the regional transportation development district in its ballot of submission to its qualified voters. No resolution enacted pursuant to the authority granted by this section shall be effective unless the board of directors of the regional transportation development district submits to the qualified voters of the regional transportation development district, at a municipal or state general, primary, or special election, a proposal to authorize the board of directors of the transportation development district to impose a sales tax or tolls pursuant to this section.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional transportation development district of ..... (regional transportation development district's name) impose a regional transportation development district-wide sales tax at the rate of (insert amount) for a period of .....(insert number) years from the date on which such tax is first imposed for the purpose funding transportation projects?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the regional transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of

directors of the regional transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. Within ten days after the adoption of any resolution in favor of the adoption of a regional transportation development district sales tax by the qualified voters of such regional transportation development district, the regional transportation development district shall forward to the director of revenue, by United States registered mail or certified mail, a certified copy of the resolution of its board of directors. The resolution shall reflect the effective date thereof. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of such tax.

4. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together, and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

5. All revenue received by a regional transportation development district from the tax authorized by this section which has been designated for certain transportation purpose, less one percent to pay for the costs of collection deposited by the department of revenue in the state's general revenue fund, shall be deposited by the district in a special local trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to this section or if the tax authorized by this section is repealed pursuant to this section, all funds remaining in the special local trust fund shall continue to be used solely for such designated transportation purposes. Any funds in such special local trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other regional transportation development district funds.

6. The sales tax may be imposed at a rate of up to one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the regional transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to sections 144.010 to 144.525, RSMo, except such regional transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats, or outboard motors nor to public utilities. Any regional transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by the resolutions as authorized by this section, plus any amounts imposed pursuant to other provisions of law.

8. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, governing local sales taxes, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed in this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed in this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the regional transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

9. If any regional transportation development district repeals the tax authorized by this section, the regional transportation development district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal and the director of revenue may order retention, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax authorized by this section in such regional transportation development district, the director of revenue shall remit the balance in the account to the regional transportation development district and close the account of that transportation development district. The director of revenue shall notify each regional transportation development district of each instance of any amount refunded or any check redeemed from receipts due the regional transportation development district.

10. (1) No regional transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects.

(2) Whenever the board of directors of any regional transportation development district in which a regional transportation development sales tax has been imposed pursuant to this section receives a petition, signed by ten percent of the qualified voters of such regional transportation development district calling for an election to repeal such sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects, submit to the voters of such regional transportation development district a proposal to repeal the sales tax imposed pursuant to this section at the next municipal, state general, primary, or special election. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the sales tax, then the resolution imposing the sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the sales tax, then the ordinance or resolution imposing the sales tax, along with any amendments thereto, shall remain in effect.

238.526. 1. If approved by a majority of the qualified voters voting on the question in the district, the district may charge and collect tolls or fees for the use of a transportation project. The board may charge a lower toll rate or fee than that amount approved by the district voters, and may increase that lower toll rate or fee to a level not exceeding the toll or fee rate ceiling without voter approval. Toll rates or fees for the use of the same project may vary at the election of the board, depending upon the type or nature of the user, or the type or nature of the use.

2. The ballot of submission shall be substantially in the following form:

Shall the Regional Transportation Development District be authorized to charge tolls or fees in amounts not to exceed those given below:

**Maximum Toll or Fee Toll or Fee Description**

(Insert amount) (Insert a brief description of the toll or fee, distinguishing it from other tolls or fees to be charged on the same project)

(Insert amount) (Describe the next toll or fee charged)

(Etc.) (Etc.) for the purpose of providing revenue to fund a project (or projects) in the district (insert general description of the project or projects, if necessary)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. To construct a toll facility, a district may relocate an existing state highway or bridge, subject to approval by the commission, or an existing local public bridge, street, or road, subject to approval by the local transportation authority having control and jurisdiction over such street or road. A district shall not incorporate an existing free public bridge, street, road, or highway into a district project that will be subject to tolls.

238.528. A district may:

(1) Contract and incur liabilities appropriate to accomplish its purposes;

(2) Lease or lease-purchase any real or personal property necessary or convenient for its purposes;

(3) Borrow money for its purposes at such rates of interest as the district may determine; and

(4) Issue bonds, notes, and other obligations, and may secure any of such obligations by mortgage, pledge, assignment, or deed of trust of any or all of the property and income of the district, subject to the restrictions provided in sections 238.500 to 238.552. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it obtained by eminent domain. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it acquired from the state of Missouri or any agency or political subdivision thereof without the written consent of the state, agency, or political subdivision from which it obtained the property.

238.530. 1. A district may at any time authorize or issue revenue bonds for the purpose of paying all or any part of the cost of any project. Every issue of such bonds shall be payable out of the revenues of the district and may be further secured by other property of the district which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds shall be authorized by resolution of the district, and if issued by the district, shall bear such date or dates, and shall mature at such time or times, but not in excess of twenty-five years, as the resolution shall specify. Such bonds shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places and subject to redemption as such resolution may provide notwithstanding section 108.170, RSMo. The bonds may be sold at either public or private sale, at such interest rates, and at such price or prices as the district shall determine.

2. Any issue of district bonds outstanding may be refunded at any time by the district by issuing its refunding bonds in such amount as the district may deem necessary. Such bonds may not exceed the amount sufficient to refund the principal of the bonds so to be refunded together with any unpaid interest thereon and any premiums, commissions, service fees, and other expenses necessary to be paid in connection with the refunding. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds being refunded or by the exchange of the refunding bonds for the bonds being refunded with the consent of the holder or holders of the bonds being refunded. Refunding bonds may be issued regardless of whether the bonds being refunded were issued in connection with the same project or a separate project and regardless of whether the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

3. If the proposed project is intended to be merged into the state highways and transportation system for future maintenance under the commission's jurisdiction, the district may contract with the commission to assist it in issuing district revenue bonds and refunding bonds. The district may also contract with the commission to issue commission revenue bonds and refunding bonds and to loan the proceeds thereof to the district. Such bonds shall be authorized by commission minute and shall be issued subject to conditions applicable to bonds issued by the district but as determined by the commission rather than the district.

4. Bonds issued pursuant to this section shall exclusively be the responsibility of the district payable solely out of district funds and property provided in sections 238.500 to 238.552 and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Neither the district nor the

commission shall be obligated to pay such bonds with any funds other than those specifically pledged to repayment of the bonds. Any bonds issued by a district or the commission shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

5. Bonds issued pursuant to this section, the interest thereon, or any proceeds from such bonds shall be exempt from taxation in the state of Missouri for all purposes except the state estate tax.

238.532. The district may:

- (1) Purchase land or receive contributions of land and cash for project right-of-way;
- (2) Limit and control access from adjacent property to a district project; and
- (3) Sell and convey excess right-of-way for fair market value to any person or entity.

238.534. 1. The district may condemn lands for a project in the name of the state of Missouri as to the necessity for the taking of the description of the parcel and the interest taken in that parcel.

2. If condemnation becomes necessary the district shall act pursuant to chapter 523, RSMo, and may condemn a fee simple or other interest in land.

3. The district may, after prior notice to the owner to enter upon private property, survey and determine the most advantageous route and design. The district shall be liable for all damages done to the property by such inspection.

4. Any person who involuntarily transfers any interest in land to a district which becomes insolvent and comes under the jurisdiction of a court may reacquire that property by paying to the district the total amount of the condemnation award for that parcel, plus statutory interest at the statutory rate from the date of taking on the amount of that award, if the project will not be completed by either the district, the commission, or a local transportation authority.

5. Whenever a district undertakes any project which results in the acquisition of real property or in any person or persons being displaced from their homes, businesses, or farms, the district shall provide relocation assistance and make relocation payments to such displaced person and do such other acts and follow such procedures as would be necessary to comply with the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

238.536. The district may contract with:

- (1) A federal agency, a state or its agencies and political subdivisions, the commission, a local transportation authority, a corporation, partnership, or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity; and
- (2) The commission to transfer the project to the commission free of cost or encumbrance on such terms set forth by contract. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts under chapter 536, RSMo;
- (3) The local transportation authority to transfer the project to the local transportation authority free of cost or encumbrance on such terms set forth by contract.

238.538. In addition to all other powers granted by sections 238.500 to 238.552, the district shall have the following general powers:

- (1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;
- (2) To fix compensation of its employees and contractors. All contracts in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;
- (3) To purchase any personal property necessary or convenient for its activities. All outright purchases of personal property in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;
- (4) To collect and disburse funds for its activities; and
- (5) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

238.540. 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers, and its employees from any potential liability, and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project to obtain liability insurance having the district, its directors, and its employees as additional named insureds.

3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

238.542. The district may contract with the commission and local transportation authorities to obtain assistance in project funding, promotion, planning, design, right-of-way acquisition, relocation assistance services, construction, preservation, maintenance, and operation. The commission or any local transportation authority may charge the district a reasonable fee, not exceeding the actual cost of providing the service. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts pursuant to chapter 536, RSMo. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

238.544. The state of Missouri, upon approval by an appropriate act of the general assembly, the commission, or a local transportation authority holding title to real estate, may give, grant, and convey to or for the use of a district such right-of-way or other easement in such real estate as may be necessary for the development of a project.

238.546. 1. For the purpose of law enforcement, all district projects to be transferred to the commission shall be treated as commission highways under chapter 43, RSMo, and all projects to be transferred to a local transportation authority shall be treated as streets or roads of that entity.

2. All laws of this state relating to maintaining, signing, damaging, and obstructing roads shall apply to district projects. The duties and powers imposed by such laws on certain officials shall devolve upon the district's engineer or other employee designated by the board. Nothing in this subsection shall be deemed to interfere with, restrict, or limit the authority of the commission to govern and control highway marking, signalization, and signing to the extent the commission is authorized by law.

3. For outdoor advertising and junkyard control purposes, a district project may be designated by the commission as a part of the state primary highway system and by a local transportation authority as a part of its street or road system.

238.548. Unless otherwise approved by contract of the district, project improvements shall not be under the control and jurisdiction of a local transportation authority while the district retains control and jurisdiction over the project. The provisions of chapter 228, RSMo, are inapplicable to transportation development districts.

238.550. The state auditor shall audit each district not less than once every three years, and may audit more frequently if the state auditor deems appropriate. The state auditor shall also audit each district before it is abolished. The costs of these audits shall be paid by the district.

238.552. 1. At such time as a district has completed its projects and has transferred ownership of the projects to the commission or other local transportation authority for maintenance, or at such time as the board determines that it is unable to complete its projects due to lack of funding or for any other reason, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

Shall the ..... Regional Transportation Development District be abolished?

2. The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Before submitting the question to abolish the district to a vote, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law.

3. While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

4. Upon receipt of certification by the appropriate election authorities that the majority of those voting within the district have voted to abolish the district, and if the state auditor has determined that the district's financial condition is such that it may be abolished pursuant to law, then the board shall:

(1) Sell any remaining district real or personal property, and then transfer the proceeds and any other real or personal property owned by the district, including revenues due and owing the district, to the commission or any appropriate local transportation authority assuming maintenance and control of the project, for its further use and disposition;

(2) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

(3) At a public meeting of the district, declare by a majority vote that the district has been abolished

effective that date; and

**(4) Cause copies of that resolution under seal to be filed with the secretary of state, the director of revenue, the commission, and with each local transportation authority affected by the district. Upon the completion of the final act specified in this subsection, the legal existence of the district shall cease.";** and

Further amend said bill, Page 86, Section D, Line 4 of said page, by inserting after all of said line the following:

"Section E. Sections 238.500, 238.502, 238.504, 238.506, 238.508, 238.510, 238.512, 238.514, 238.516, 238.518, 238.520, 238.522, 238.524, 238.526, 238.528, 238.530, 238.532, 238.534, 238.536, 238.538, 238.540, 238.542, 238.544, 238.546, 238.548, 238.550, and 238.552 of section A of this act shall become effective January 1, 2003."; and

Further amend said title, enacting clause and intersectional references accordingly.

**SCS SBs 915, 710 & 907, with House Amendment No. 5 and HS, as amended, pending,**  
was laid over.
